

## Great Basin Incident Commander Conference Call Agenda 2016

<b>Date:</b> Monday, October 15, 2016		<b>Note taker:</b> Gina
<b>Predictive Services:</b> Weather update:	Very high winds and precipitation through Sun/Mon	
<b>GBCC Update:</b>	<ul style="list-style-type: none"> <li>• Small fires reported in Las Vegas and Cedar City areas. All small.</li> </ul>	
<b>1</b> <b>Fire: Little Valley</b> <b>IC: Kim Martin T1 IMT</b>	<p>2000 acres / 10% / 880 personnel (estimate)</p> <p>In-briefing for the fire was today at 0700.</p> <p>Fire behavior this morning and through the day was moderated due to higher RHs and some precipitation in the area. The major concern is the 70+ mph winds that are being forecasted for the fire area.</p> <p>22 primary homes were destroyed along with 17 out buildings. Evacuations are still in effect and it has been reported that the Red Cross has set up a rescue location in East Lake.</p> <p>There is a PIO announcement that stated 3 engines were damaged, but this has not been confirmed yet and Martin's team is looking into it.</p> <p>No public meetings have been scheduled yet.</p> <p>Caterer has been ordered, but due to the expected short duration of the incident and forecasted heavy rains and high winds, the IMT is going to release the caterer and move the ICP into Reno. They are working with a hotel to get this established this afternoon.</p>	
<b>Date/Time of Next Call:</b>	10/16 @ 1100 MT
