## Documentation of NW MAC Decisions

**Decision 04**  
**August 17, 2023**

National Preparedness Level	Northwest Preparedness Level
<b>4</b>	<b>4</b>

### Strategic Intent:

- Continue to support IA/emerging incidents and new IMT deployments.
- Continue to supply existing incidents with resources that meet their most critical needs, per our prioritization process.
- Work with Agencies/IMT's to adjust strategy and tactics to align with existing resources and the likelihood of few additional resources coming into the Geographic Area.
- Utilize surge resources for critical missions that maximizes opportunities to safely meet incident objectives.

### PNW Incident Priorities (*set daily*):

<u>Priority</u>	<u>Fire</u>	<u>Unit</u>	<u>IC</u>	<u>Rationale</u>
1	Initial Attack			Initial attack is always the first priority.
2	Lookout	OR-WIF	Albrecht	187 residences at level 3 evacuations, 603 residences at level 1 notice. Unified command with OSFM. Fire spread beyond primary line on NE corner.
3	Bedrock	OR-WIF	Dimke	Level 1, 2 and 3 evacuations in place. Direct and indirect attack on west flank. Mop-up and secure north, east and south flanks.
4	Sourdough	WA-NCP	Lawson	SR 20 has closed sections. Level 1 and 2 evacuations. Increased safety concerns due to rollout. Continue to support Blue Lake as needed.
5	Flat	OR-RSF	Schuster	Minimal fire behavior. SW corner indirect, alternate lines are complete. Provided support to OR/CA border incidents.
