

## Preface

---

The Rocky Mountain Area Mobilization Guide (RMG) identifies established standards and procedures, which guide the operations of the Rocky Mountain Area (RMA) multi-agency logistical fire dispatch and coordination activities. The guide is a supplement to the National Interagency Mobilization Guide (NMG) and is designed for amendments as needed, and shall be retained as currently applicable until amended. Dispatch Centers shall supplement the RMG as necessary.

Please review each chapter of the RMG carefully and submit any recommendations, changes and updates to the guide using the following online submission form: <http://goo.gl/forms/MnOMSZx007>. Submissions may be made at any time during the year, however the timetable below will be followed.
