MORALE OF CREWS: Very good

INJURIES: No injuries reported.

MESSAGE: Kile/Belanger met with the crews last evening after end of shift. The crews had a productive day on the line and are ready to travel home. We provided the crews with their draft timesheets for review and their demob sheets. We also briefed crews about the demob process and the travel arrangements for home. Crew Bosses were very appreciative of this information. Today we will be with the crews during the demob process to ensure a smooth transition out of camp and travel to Anderson. We will be with the crews from Anderson to Redding on Tuesday to ensure the Module arrives there on time for weighing/loading of the plane. Once plane departs, Kile/Belanger will finalize IARR documents, travel to Sacramento and fly home on Wednesday.
