## Stones River National Battlefield

Stones River National Battlefield is a 650-acre national park and cemetery dedicated to preserving the memory of those who fought and died at this crucial Civil War battle. A major victory for Union forces during the Civil War came at the Battle of Stones River near Murfreesboro. The conflict started on New Year's Eve, 1862. More than 83,000 soldiers fought in this Federal offensive to trisect the Confederacy. When the smoke cleared after three days of fighting, there were more than 23,000 casualties, making this one of the bloodiest battles fought west of the Appalachians. Today you can follow the course of that battle with a self-guided tour through the battlefield. Be sure to visit the National Park Service museum and join park rangers for walks and talks about the battle. Interpretive programs and living history demonstrations are presented throughout the year. The visitor center offers a museum, self-guided driving tour and video presentation of the battle.
