

FOR SWCC ONLY!
NM Prescribed Fires as registered in the
NM SMOKE MANAGEMENT PROGRAM
NMED/Air Quality Bureau
Thursday, February 14, 2013

Changes to this schedule may occur due to variations in weather, ventilation, and fuel/burn conditions.
Amounts to be burned are the maximum allowed for a given prescribed burn however, less than the maximum amount
or no burning can also occur on a given day.

SHADING =CANCELLED or happening on a different day this week; Shaded areas are NOT being ignited today although a burn can be cancelled at any point in the day.

Prescribed Fire ID#, Name & Agency	Date	Lat/Long or T,R,S	Broadcast (Max. acres per day)	Piles (Max. Cu. ft. per day)	Fuel Type & Comments
