The Great Basin will be hosting a Critical Incident Stress Management (CISM) Basic Training course March 18-22, 2019 in Reno, Nevada. The basic training includes two courses (1) Assisting Individuals in Crisis and (2) Assisting Groups in Crisis. They are both approved International Critical Incident Stress Foundation courses and are intended for law enforcement, fire, aviation, and agency other personnel who will be trained to identify with their peers who have experienced a critical incident. The course provides training in positive coping strategies for stress, and to help others validate their thoughts and emotions surrounding a critical incident.

Program highlights: Designed to present the core elements of a comprehensive, systematic and multi-component crisis intervention curriculum, this course will prepare participants to understand a wide range of crisis intervention services Fundamentals of Critical Incident Stress Management (CISM) will be outlined and participants will leave with the knowledge and tools to provide several group and individual crisis intervention strategies and tactics.
