

Fire & Aviation SAFETY ADVISORY

The work we do is dangerous, COVID-19 is making it worse

We are seeing a steep rise in cases of coronavirus in our Forest Service, and especially our wildland fire communities. Let's do our part to mitigate this risk through our core values.

DUTY – It is our duty to do our jobs safely. Safety includes following these CDC guidelines:

- Wearing a Mask (where feasible)
- Washing your Hands (where you can)
- Maintaining Social Distancing (in briefings and around camp)

RESPECT – Have respect for your crew, your family and yourself by following the CDC guidelines above both on and off duty. When in the office or vehicles with your co-workers, wear a mask to respect the “Module as One”. Remember your off-duty behavior will influence the health and well being of your crew and their families too.

INTEGRITY – Do all of these things even when no one is watching. This way you show up for everyone in your life in the best way you can.

THOUGHTFUL BEHAVIOR IS OUR MOST POWERFUL PPE
