

EASTERN AREA DISPATCH WORKING TEAM

Date: April 19, 2023
To: All Interested Applicants
From: Eastern Area Dispatch Working Team
Subject: **2023 Eastern Area Interagency Dispatch Team Application Announcement**

Application Period: April 19, 2023 – May 26, 2023

The Eastern Area Dispatch Working Team is pleased to announce that applications are currently being accepted for the 2023 Eastern Area (EA) Interagency Dispatch Team. All applicants must apply electronically through the link provided below:

[2023 Eastern Area Dispatch Team Application](#)

In addition to your application, please submit your current master record. Master records can be emailed to wieacc@firenet.gov. Applications without a master record will not be considered.

The EA Interagency Dispatch Team was established to provide a highly skilled group of dispatchers to support wildland fire and all-hazard incidents. The Team has been an excellent representation of the Eastern Area Dispatch community and our commitment to supporting incident management throughout the country.

This season we will be emphasizing team commitment and availability. We have had challenges in the past filling our roster to place a team available. We would like team members to commit to making themselves available for a dispatch team assignment during 2023. Without our team members there is no TEAM.

Team members must reapply annually. Applications will be accepted from all qualified and eligible applicants from the Eastern Area and Nationally. Eastern Area applicants will receive priority consideration for positions.

Interested qualified and trainee dispatchers are encouraged to apply for the following positions:

- EDSP (Team Leader)
- EDSP (Deputy Team leader)
- EDSD
- EDRC

If you have any questions regarding the 2023 EA Interagency Dispatch Team please contact Amanda Hamman, Eastern Area Coordination Center, at 414-944-3811 or amanda.hamman@usda.gov.

Thank you for your interest and we look forward to working with you.

Sincerely,

Natasha Woodwick
Chair, Eastern Area Dispatch Working Team
