Scope of Work

Agreement Number: 18-IA-11090100-008

Project Title: U.S. Fish & Wildlife Service (Region 3) Prescribed Fire/Hazardous Fuels Reduction Support to U.S. Forest Service, Eastern Region (Region 9).

This IAA authorizes the U.S. Fish & Wildlife Service (USFWS), Region 3 to provide services and support to the U.S. Forest Service, Eastern Region (USFS) – for Prescribed Fire/Hazardous Fuels Reduction support activities within the USFS Eastern Region. Support will take the form of the USFWS providing firefighting resources with qualifications specific to USFS needs for individual Prescribed Fire/Hazardous Fuels Reduction projects.

These services may include, but are not limited to:

- Fireline construction – mowing, raking, cutting and various other methods of removing burnable materials.
- Treatment planning – site visits, technical assistance, development of planning documents and various other planning and administrative activities.
- Prescribed fire implementation and operations – may serve, as qualified, in various fire positions on prescribed fires including mop-up. Examples of commonly held positions are: RXB2, FIRB, HLDB, ENGB, FFT1, FEMO, FFT2, etc.
- Fuels treatment activities – may use hand saws, chippers, and various mechanized equipment to treat unwanted fuels.
- Fire effects monitoring – may install and sample monitoring plots, compile and analyze data and write reports.
