
• Welcome to Eastern Geographic Area Wildland Fire Training

Our stated mission is to provide and assure quality training in Wildland Fire Suppression, Incident Management, Aviation Management, Dispatch, Fire Use and Fuels Management responsive to the needs and direction of the Eastern Area Coordinating Group.

You can find all courses offered within the Eastern Area by utilizing the *Schedule* tab on this page to filter for all NWCG courses. The *Academies* tab provides more information about wildland fire academies offered in this Geographic Area. The *Zone* tab will guide you to the any of the four training zones, which offer also offer courses and other logistical information.

We hope you find this site informative and consider it a functional tool in meeting your wildland fire training needs. We encourage your feedback on issues that will help us meet your wildfire training goals and objectives.

The Eastern Area Training Working Team
