

# Fuels and Fire Behavior Advisory (Affected Area Title)

*Date Advisory takes affect - Advisory Expiration Date (14 Days)*

**Subject:** A brief synopsis of the condition(s) present that warrant the Advisory (Should be no more than one or two sentences)

**Discussion:** Detailed description of the condition(s) (may include graphics)

**Difference from normal conditions:** In specific, measurable terms how is this condition exceptional or extreme when compared to normal for the time of year or compared to other extreme fire seasons for the area of concern.

**Concerns to Firefighters and the Public:**

- Specific circumstances that are likely to result from the Advisory conditions

**Mitigation Measures:**

- How firefighters and fire managers should be prepared to deal with each of the specific circumstances listed above

**Area of Concern:** Detailed description of the area of concern (may include a map)

**Issued By:** Name and Organization of the person primarily responsible for the Advisory in order to provide a point of contact for questions or concerns.

*NOTE (Delete this section): text in black is editable and should be tailored to fit specific situation for advisory message. Title and topic areas of advisory are to be in RED. Topic area titles to be standard and each section must be included with every issuance.*

*\*Advisories should only be issued to address an exceptional or extreme circumstance that could threaten firefighter or public safety. Conditions that could be reasonably expected during the course of fire season do not warrant a Fuels and Fire Behavior Advisory*

*\* Advisories will highlight conditions that are currently on-going and give specific examples that have been experienced in the field. Advisories should be tailored so that firefighters at all experience levels can recognize the situation and act accordingly.*

*\*Advisories should be coordinated with neighboring administrative units to ensure that all areas with similar conditions are being addressed.*

*\*Only one Advisory may be active at any time over any area. If multiple Advisory conditions are present incorporate them into one Advisory*

*\*Each Advisory should be no more than one page of text with an attached map page. If more detailed information is available provide a link in the Advisory where that information can be accessed*

*\*Advisories will remain in effect for 14 days from issuance. If the Advisory conditions continue beyond the 14 days a new Advisory will need to be issued to update conditions and circumstances with more timely information. At the request of the issuer Advisories may be lifted before the 14 days has passed.*

# **Fuels and Fire Behavior Advisory**

## **(Affected Area Title)**

***Date Advisory takes affect - Advisory Expiration Date (14 Days)***

*NOTE (Delete this text): this page is reserved for a map of the affected area and may only contain the map. Each Advisory must include a detailed map of the affected area.*
