

STANDARD OPERATING PROCEDURES GREAT BASIN RENTAL CAR PROGRAM

INTRODUCTION

To assist in incident mobilization efforts, the Great Basin Incident Business Group has established Blanket Purchasing Agreements (BPA) to be used in the support of protecting lands for fire suppression, severity, and all-hazard incidents. The BPA may be used for federal resources, as well as for non-federal resources whose agency does not have an existing rental car agreement in place. This document provides the process for utilizing the BPAs listed below:

GREAT BASIN BLANKET PURCHASE AGREEMENTS	
RENTAL CAR COMPANY	BPA #
Enterprise Car Rental	L14PA00147
Hertz	L14PA00145
Rush Truck	L14PA00143
Salmon Motors	L14PA00144

Prior to utilizing a rental car on an emergency incident the proper mode of transportation must be determined. The mode of transportation must result in the greatest advantage to the Government and be approved in advance by the incident agency (via the resource order) and the employee's supervisor.

When use of a rental car has been approved, most agency policy limits the vehicle size to compact vehicles only. Employees may be approved to upgrade rental vehicle size under the following circumstances:

1. To accommodate the transportation of additional government equipment that is so large that it cannot reasonably fit into a compact vehicle.
2. Travelers will be accessing areas of extremely rough terrain, which would require the use of a Sport Utility Vehicle with off road capabilities to ensure safe travel.
3. Sharing a rental vehicle with other employees.

It is recommended that line-going personnel rent ¾-ton or larger pickups. These vehicles are equipped with higher ground clearance and E-class rated tires.

For longer term assignments (i.e., fire pre-positions and details) rentals may be procured and paid under the centrally billed account to avoid potential credit availability issues with charge cards. Users will need to submit spreadsheets or other documentation that indicates which fires and dates the vehicle should be charged to. Arrangements for this documentation should be made at the time of rental between the user and the payment office.

Procedures:
