Predictive Services:

Weather update:
Shelby Law

Hot temperatures continue over the next several days. Temperatures will be above 100 degrees through this week in the valleys across the Great Basin. Isolated thunderstorms in Central Nevada and Western Utah today. Dry in Southern Idaho and Western Wyoming. Northern Nevada will stay dry and wind to follow thunderstorms. Not much relief coming.

**GBCC Update:
Gina Dingman**

- Planning Level 4
- 10 new fires for 3013 acres
- Resources being reassigned as they become available for IA
- Moved resources out of Staging areas.
- Critical shortage of T1 and T2 Helicopters and Hotshot Crews
- Smokejumpers – 6 loads at four bases
- 1 VLAT
- 2 CL-415 scoopers, 5 Air Tankers, 2 ASMs
- 22 SEATs / 2 on days off

**1
Fire: ROCK
IC: Leighton T3
Report: Rona, SFC**

2000 / 0% / 181 / 100,000
Fire is located 40 miles North of Reno, NV burning in sage and juniper. 500 primary residences in the area are reported to be in the area. Voluntary evacuation did happen over the night with Red flag conditions expected again today. Critical Resources: Hand crews and Air Support.

**2
Fire: Pioneer
IC: Beth Lund
Tooter Burdick
Mark Rose**

16204 / 27% /992 /7.3M

- SW corner looking good. Patrol status and suppression rehab.
- Eastern side: 2000 – 3000 acres across Hwy 21. Dropping into Crooked River – major drainage.
- West: This side of the fire is good.
- North: Keeping out of Hole in the wall drainage. Moving toward Banner Creek. Old burn scars in there.

	<ul style="list-style-type: none"> • Critical resource: T1 crews, T2 crews • Holding own with aircraft • Hwy 21 closed for the foreseeable future • Hazards with mining and hazmat • Public meeting tonight in Lowman. Good relationships with public. • No injuries yesterday • Resources available for release: None
<p>3 Fire: Cliff Creek IC: Tony DeMasters IC2-T Evans Kuo</p> <p>Long Beach Team: IC: Jeff Berkencamp</p>	<p>26800/ 20% / 696 / 8.0M</p> <ul style="list-style-type: none"> • West: Aerial ignition continues as long as conditions are favorable. Fire is South of Jack Pine subdivision and Granite Creek. Indirect line. • South: Continue to patrol and head away from town • North: Natural barriers in Gros Ventre and Schoal Wilderness Study Area. No issues. • East: Continue firing operations with indirect line. 2-3 days to complete. • Unified command working well • Long Beach All risk group departing today • Closures: Forest closures still in effect, and evacuation order still in place for small community in Granite Creek on west side of the fire. Smoke monitoring by WY state officials in Bondurant and outlying communities for health hazards. Inversion still pretty thick some mornings. • Injury/Accident: None • Critical Resource Needs: None at this time. Maintain what we have. • Resources to reassign: None • Monday will be Day 14 for Team. Will discuss with Forest and Region.
<p>4 Fire: Comet IC: McPhetridge Report out by Fritz Cluff (?)</p>	<p>357/ 50% / 78 / 400,000</p> <ul style="list-style-type: none"> • T3 IC local team. Little growth. The T1 helicopters were critical. • South: Looking good. 50-60% contained. Received T2 crew and WFM. Helped on SW side and bring line to Salmon River. • Plan to stay direct. Some check line in by tomorrow evening. • Safety concerns: Column is visible from town and traffic is an issue along HWY 93 corridor. Steep terrain. • No evacuations. • Area closure for USFS roads. • North Fork and County for Hwy closures • Injuries: 1 laceration with stiches • Resource needs: None
<p>5 Fire: Lower Ebbs</p>	<p>5634 / 45% / 299 / 2.3M</p> <p>No significant changes</p> <ul style="list-style-type: none"> • Transition with home unit on Monday

IC: Jarad Teeples report out by Terry Swincoe	<ul style="list-style-type: none">• No critical needs.• No injures /accidents
