- Political Issues / Community Meetings
- Closures / Evacuations / Public Safety Issues
- Major Safety Concerns / Injuries / Accidents
- Critical Resource Needs
- Resources Available to Reassign/Share/Demob

Predictive Services:

Weather update:

Basil

Newmershycky

Much cooler temperatures and showers to Idaho, western Wyoming and northern Nevada. Showers and thunderstorms will overspread much of Idaho, western Wyoming, far northern Nevada and Utah. Snow possible above 7500 feet across the highest terrain of Idaho and Wyoming. The southern half of the Great Basin will see the cooler temperatures but remain on the drier side, especially by the first part of next week as westerly flow returns...with a gradual warming/drying for all areas this coming week.

GBCC Update:

Gina Dingman

- Very Light IA. 8 new fires for 1 acre
- Large Fire Growth: 1771 acres
- Smokejumpers at 4 Bases
- Reposition Day: Cutting loose CWN Helos and rearranging Exclusive Use Ships

MAC / GBCC

Coordinator

Derrek Hartman

- Aviation: Yesterday the first day in 37 days where we hit a point that resources could start leaving. Feeling good with Aviation, almost there with Crews.

1

Fire: Pioneer

IC: Martin

Report: Demasters

181065 / 55% /1087 /78.2M

- Changes from 209: 765 acreage growth and small bump in cost
