Subject: Field Work Life saver INSTRUCTOR course (wilderness First Aid)
Attachments: FWLC flyer 2.10.2020.pdf

Good morning everyone.

This training is a train-the-trainer course session

There is a new first aid course that is now an acceptable alternate training for First aid.. This course is designed to be more of the wilderness type of first aid. This course does **not** cover AED's. See Attached Flyer

I have a planned a field work life saver first aid Train the trainer course for the Boise Forest on March 30th and 31st. Location & Agenda to be determined at this time. Instructors need to be EMS skilled and or a current first aid instructor.

Please RSVP to me by March 20th, 2020
