Scott Stirett - Forest Aviation Officer

Date: 2/4/2025

This map was produced for the Payette National Forest Aviation Program in accordance with NWCG Aviation directives, on 2/4/2025 and will be updated yearly.

*Note to Pilots and Cooperating Agencies: Not all aerial wires, cableways, and obstructions that could be hazardous to aircraft are shown on this map. Please use extreme caution when flying in unfamiliar areas.

All Geo-Spatial data came from the Payette NF Aviation Hazard Folder & the R04 PAF Reference Library.

The VFR charts were retrieved from the FAA web site @ <LINK>https://www.faa.gov/air_traffic/flight_info/aeronav/digital_products/vfr/<LINK>

Salt Lake City Sec 102.II, the Great Falls Sec 98.II, Seattle Sec 98.II, and the Klamath Falls Sec 101.II (24 March 2022)

The GIS data and product accuracy may vary. This map is not to be used for navigational purposes. It is only to be used as a supplemental means of identifying vertical obstructions and other known hazards.
