PAF WFM/IA Module Regs Lead Rotation

The Off Forest WFM/IA Module Regular Crew Rotation is designed to create a fair distribution for hosting the Payette Regs. Module leaders will be responsible for the rotation schedule and informing their zone duty officer of their position in rotation. See page 4 Crew Configuration/Staffing.

Rotation Guidelines

1. The rotation will roll over from one fire season to the next (modules will maintain their spot on the list from the end of one season to the start of another).
2. Off unit assignments do not include IA within our local agreements. (Unless it exceeds 7 shifts)
3. An assignment is defined as the module arriving at the incident.
4. Modules will go to the bottom of the list upon return to the forest and after R&R is complete. (Available local)
