Lyndsay Fonger - National Park Service, Zion National Park (435) 772-7842

Fire Restrictions Rescinded in Southwest Utah

Due to recent precipitation and improved wildfire danger conditions, Color Country Interagency Fire Managers will remove all fire restrictions beginning **Friday, August 27, 2021, at 00:01 a.m.** on all federally administered public lands, state lands, and unincorporated private lands in Washington, Iron, Beaver, Kane, and Garfield counties.

Important Reminders: Fire managers continue to urge caution as wildfire danger constantly changes. This time of year produces cooler nights and very warm, dry, and windy days. Please be responsible while enjoying your outdoor activities, as the potential for human-caused wildfires still exist.

Fire managers also advise you to make “fire sense” decisions and refrain from campfires on dry and windy days. And remember that it is always illegal to leave a campfire unattended, as every spark has potential to cause damage. Thanks for doing your part to prevent wildfires in Utah!

For more information on preventing wildfires, and updates on fire related information throughout the state of Utah, visit www.UtahFireInfo.gov, and www.wildlandfire.az.gov.
