

# Skyline Project Information

Pinedale Ranger District  
Bridger-Teton National Forest  
U.S. Department of Agriculture

Skyline Wildland Urban Interface  
Fuels Reduction Project Final  
Decision Notice and Finding of No  
Significant Impact was signed  
09/13/2016.

## Objectives:

- Reduce risk of high severity fire by reducing fuel loads and opening up canopy.
- Provide safe access/egress by improving visibility & removing hazards along roadside.

## Sylvan Bay Day Use Unit

- Work will begin Wednesday, Sept. 14, 2016 through Oct. 2017 or until complete.
- This unit is 104 acres of hand thinning and hand piling.
- Piles will be allowed to cure and burned once conditions allow.
- Crews will begin work in the northeastern portion of the unit
