Firefighters Respond to Porcupine Fire on Greys River Ranger District of the Bridger-Teton National Forest

Afton, Wyo., June 26, 2025—Firefighters are responding to the Porcupine Fire on the Greys River Ranger District of the Bridger-Teton National Forest. The fire was reported today at 2:49 p.m. and is estimated at approximately 6 acres in size, located near Smoot, Wyo., off Cottonwood Creek Road, approximately $\frac{3}{4}$ mile into Porcupine Creek. Cause of the fire is unknown.

A type 2 helicopter, fire engine, and ground personnel are currently on scene actively working to suppress the fire. More resources are being ordered. Public and firefighter safety are the top priorities during suppression efforts.

The Porcupine fire is burning in grass, sage, and light timber fuels. Smoke may be visible in the area, please do not report.

About the Forest Service: The USDA Forest Service has for more than 100 years brought people and communities together to answer the call of conservation. Grounded in world-class science and technology— and rooted in communities—the Forest Service connects people to nature and to each other. The Forest Service cares for shared natural resources in ways that promote lasting economic, ecological, and social vitality. The agency manages 193 million acres of public land, provides assistance to state and private landowners, maintains the largest wildland fire and forestry research organizations in the world. The Forest Service also has either a direct or indirect role in stewardship of about 900 million forested acres within the U.S., of which over 130 million acres are urban forests where most Americans live.
