FIRE ACTIVITY:

The Dollar Lake Fire is currently at 15,013 acres and 22% containment.

Firefighters on the west and north sides of the fire continue to mop up and patrol. On the northeast side, crews are mopping up and improving control features. On the southeastern interior of the fire, crews and equipment are constructing direct line between the Bible Camp area and Little Sheep Mountain. The structure protection group continues to bolster defense systems around the Bible Camp and improve defensible space around the camp. The structure group will also assist with initial attack of new starts within the Dollar Lake Fire area.

Note, fire activity is expected to increase as the weather becomes warmer and drier. Smoke from the fire will become more visible.

WEATHER:

Conditions today are expected to be warmer and drier with highs in the high-60s to low-70s and humidity dropping below 20 percent during peak heating. Similarly warm and dry conditions are anticipated tomorrow with little to no chance for precipitation until later in the week.

CLOSURES:

The Bridger-Teton National Forest has issued a closure order for the Dollar Lake Fire area. Effective immediately, the closure area encompasses the Forest east and south of Green River above its junction with Union Pass Road (FS600). Where the Green River exits Green River Lake, the lake shore becomes the boundary along to the south where it meets the Bridger Wilderness boundary. From there it follows the Wilderness boundary south to the South Fork of Gypsum Creek. Then it follows the South Fork of Gypsum Creek southwest to Hwy 352 where the pavement turns to dirt road (Forest Boundary). The area east of the road (FS600 is closed) north up to the Green River Lakes Road at its junction with Union Pass Road.

Gypsum Creek Road from the Forest boundary north and the network of roads branching off it are in the closure area and not open to the public.
