

CDC Wildland Firefighter FAQs

June 16, 2020

## **Northern Rockies COVID-19 Pocket Card** **Interagency Fire Operations**

Firefighter Health Screening Tool

- Maintain social distancing from any personnel outside your fire module
- Complete (daily) wildland fire COVID-19 health screening tool for each firefighter
- Upon resource order, collect intelligence on how local units will receive incoming resources
- Minimize unnecessary stops in-route to assignments
- Utilize digital technology (AirDrop, QR codes, photos, text) to the extent possible to share information such as Crew Manifest, Maps, IAPs, CTRs, etc.
- Use remote briefing via radio or cell phone if possible. If not, maintain social distancing, wear face covering and minimize personnel at the briefing.

### **Maintain Situational Awareness of The Fire Environment: 10 & 18, LCES**

- Monitor each other, watch for symptoms (Firefighter Health Screening Tool).
- Never share PPE, UTV & flight helmets, radios, or other equipment
- Implement daily decontamination procedures of apparatus and equipment
- Adjust operational periods to allow for additional COVID-19 logistics.
- Plan for overnight lodging/camping/feeding scenarios that maintain separation from other fire personnel and community

NMAC Resource Availability Checklist

COVID19 Map

# Stop the Spread of Germs

Help prevent the spread of respiratory diseases like COVID-19.

Stay at least 6 feet  
(about 2 arms' length)  
from other people.

Cover your cough or sneeze with a  
tissue, then throw the tissue in the  
trash and wash your hands.

When in public, wear a  
cloth face covering over  
your nose and mouth.

Do not touch your  
eyes, nose, and mouth.

Clean and disinfect  
frequently touched  
objects and surfaces.

Stay home when you are sick,  
except to get medical care.

Wash your hands often with soap  
and water for at least 20 seconds.
