**Subject:** RE: IDL COVID-19 direction

Resources are still available to respond nationally. That is probably going to change in the next couple of weeks. Rt-130 is still going to be required I believe Matt has developed a package of online videos folks will be watching to meet that requirement. The WCT is on hold until. IDL has extended all red cards validity until the May 31<sup>st</sup>. When we get a little closer to that date a decision will be made as whether or not the WCT will be required for all employees. I think at a minimum we will be requiring new hires to pack test. Ill be getting back to you when a decision is made.
