Notice to Quoters:

The intent of this Solicitation is, Multiple Award Agreements, to obtain Potable Water Service for Northern Rockies Geographic Area for Fire Suppression and all hazard incidents. Only one agreement will be awarded to each individual contractor. The agreement resulting from the Request for Quote (RFQ) may be used by multiple State and Federal Agencies. The Government reserves the right to award all, some, or none of the schedule.

Individual orders will be placed against the Agreement. Since the equipment needs of the Government and availability of Contractor's equipment during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the equipment listed herein to the extent the Contractor is willing and able at the time of order.

The Government is not obligated to place nor is the Contractor obligated to accept an order under this Agreement, but if an order is placed and accepted, all the terms and conditions set forth herein shall be met. There are no minimum or maximum guarantees as to the number of orders that may be placed under this Agreement. This agreement does not preclude the Government from using any Agency or Agency Cooperator owned resources before using resources under this agreement.

The proposed rate(s) are fully operated and shall include, but are not limited to, labor, equipment, operating supplies, materials, State and Federal taxes (including worker's compensation costs), insurance coverage, lodging, transportation costs, overhead, profit, and any costs/fees necessary to ensure equipment/operators meet(s) the specified standards. **Daily Rates should reflect the anticipation of operating equipment up to 16 hours per day.**

Offerors will propose a mileage rate for transportation costs to and from the incident (mobilization and demobilization). **Do not include mileage in the daily rate.**

Adequate operators shall be provided to meet the work/rest safety guidelines (**Refer to C.6.7 Statement of Work**). The Finance Unit will work in tandem with the Planning Section to ensure contract resources are meeting the 2:1 work/rest safety guidelines.

Resources furnished under this agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions, which, could include but is not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by

entering into this agreement, the contractor agrees that what is considered wear and tear under this agreement is in excess of what the resource is subjected to under normal operations and is reflected in the rates paid for the resources.

The Incident Commander or responsible Government Representative is authorized to administer the technical aspects of this agreement.

NOTE: Agreements starting in 2019 will require brakes on all axles.

Section C: Statement of Work:

1. **Agreement Period:** The estimated date of award is May 2018. The agreement period is for Three Years (6/1/18-6/1/21) and will result in a daily rate agreement including mileage.
2. **This agreement supersedes all Northern Rockies Geographic Area Potable Water Service EERAs in effect after the award date. This includes all equipment and pricing schedules. Contractor shall not renegotiate set rates when accepting a resource assignment under this award.**
3. Contractor shall not sign up the same equipment listed under this agreement with any other agreement to include National Park Service (NPS), United States Forestry Service (USFS), Bureau of Indian Affairs (BIA), Department of Natural Resources, and Conservation (DNRC), Fish & Wildlife Service (FWS), Idaho Department of Lands (IDL). **(I.e. shall not have equipment listed under this agreement signed up under more than one agreement.)**
4. It is estimated that the anticipated use period for resources within the Northern Rockies Geographic area may fall between June 1 and October 1 of each year. Potential use outside this period or anticipated use period could occur at any time.
5. Awarded BPA's will be emailed to the Contractor. Contractor shall have an email account setup in order to receive correspondence in a timely manner. Contractors must accept the offer of award within 10 days. Failure to accept offer of award within specified time implies rejection of the offer. The Contractor will provide availability status to the designated dispatch office within 10 days after award of agreement. **It is the Contractors responsibility to ensure any EERA/BPA's given in addition to the incident agreement number, will also reflect this agreement number.** Failure to do so could result in a delay for payment processing.
6. The Government or the Contractor can terminate the Agreement at any time by providing a 30-day notice in writing. The Government is obligated only to the extent of the authorized orders actually placed under any Agreement.
7. A priority dispatch list for Potable Water will be established following acceptance of awards. In the event awards are equal, those Contractors names will be randomly drawn at the time of dispatch based upon proximity to the incident, past performance, and price to determine priority for that incident.

The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet ([SF 1449](#)).  - (5) Terms of any express warranty;
 - (6) Price and any discount terms;
 - (7) “Remit to” address, if different than mailing address;

Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for

30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

- (d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.
- (e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.
- (f) Late submissions, modifications, revisions, and withdrawals of offers.
- (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation.  - (2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—
 - (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
 - (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or
 - (C) If this solicitation is a request for proposals, it was the only proposal received.
 - (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
- (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

- (1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
 - (2) Have, have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

 - (ii) Examples.

This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
 - (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
 - (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

52.212-2 Evaluation—Commercial Items.

As prescribed in [12.301\(c\)](#), the Contracting Officer may insert a provision substantially as follows:

EVALUATION—COMMERCIAL ITEMS (OCT 2014)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

(i) Price

(ii) Technical capability of the item offered to meet the Government requirement.

(iii) Past Performance

Technical and past performances, when combined, are equal. When technically acceptable, price will be the determining factor.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
