March 2021	All team members notified of selection status
April 2021	Type 1, 2 and Wildland Fire Management Teams Virtual Workshops

GENERAL INFORMATION

1. All individuals selected for Command and General Staff positions on teams, including trainees, are expected to attend their team workshop, if budgets allow.
2. For information on the schedules, policies, team configuration, etc. refer to the team operating plan posted on the NRCC web site (<http://gacc.nifc.gov/nrcc/dispatch/overhead/overhead.htm>).
3. Incident Management and Wildland Fire Management Teams are utilized on complex incidents and face great challenges in directing interagency resources towards a common goal. When a team is on call, it is expected that team members will be available. Granted, events can occur that make individuals unavailable for assignment, but these events should be few and on a short-term basis. Please give serious consideration to the availability commitment when applying for a position on a team.
4. Generally a 3 year commitment is expected for each of the Command and General Staff positions on all teams. All other positions are a 1 year commitment but, may be renewed for 3 years.
5. Individuals desiring to be alternates on any team must submit an updated application annually.
6. "Free-lancing" by team members is allowed on a case by case basis as agreed to by the IC.
7. We realize that people have personal commitments during fire season, which might affect their availability (vacations, planned leave, business meetings etc.) We will do everything possible to accommodate those needs. **It is the responsibility of the team member to notify their unit / section chief and their dispatch center of any change in their availability. It is the team member's responsibility to locate an available and qualified replacement, utilizing the team alternate list, if they are unavailable for an assignment.**
