Operating Plan

Item	Page	Notes
Added for clarification of map updating and timelines for availability to Dispatch.	31, III. A	“Data changes to the official map will be completed by the GIS group for approval by the G4 group on or before April 1 st . Updated maps will be available to Dispatch Centers by May 1 st of that same year.”
Updated the Idaho Office of Emergency Mgmt. (IOEM) to add these two paragraphs to the existing language.	33, Item I.	<p>“If a local jurisdiction with structure protection responsibilities has a need for additional resources due to an incident, they work with the Idaho Office of Emergency Management’s (IOEM) appropriate Area Field Officer to make the Request for Assistance. The IOEM may Mission Assign the Idaho Department of Lands, as the ID-ESF #4 Coordinator (Idaho Emergency Support Function #4 – Firefighting) to acquire the requested resources. This process is outlined in the Idaho Emergency Operations Plan Office of Emergency Management (idaho.gov) Preparedness and Protection Plans</p> <p>Resources acquired by the IDL through this process will be tracked and paid by IDL utilizing the processes outlined in the Idaho Cooperative Mobilization Agreement (ICMA). In turn, IDL will submit all costs to IOEM in accordance with the mission assignments.”</p>
Updated the Idaho Incident Business Contacts	55, VII., line 6	Updated with new employee contact information
Updated Formatting Error from the original Master Template	58, line 29	Moved: “The cost centers that should be considered in this Agreement:” from part of the paragraph to bulleted text to become a summary statement.
Edited: Acronym was stated incorrectly.	63	3) Hazard Pay Rate – Hazard pay differential may be paid to those employees performing work that meets the definition of hazardous duty as defined in the SIIBM .
Added for further clarification of Fed-to-Fed cost shares when no federal reimbursement between agencies takes place.	57, Exhibit E, line 25	<p>Per the National Memorandum of Understanding for Wildland Fire Management among the Department of The Interior and the Department of Agriculture Agencies, Part VI. CONDITIONS FOR BILLING AND PAYMENT PROCEDURES, Item B 1. Subject to Paragraph A, billing procedures for wildland fire management activities are as follows:</p> <p>1. Emergency Wildfire Suppression and Emergency Stabilization – Agencies shall not bill for services rendered to the signatory agencies of this Agreement, except by mutual agreement when an agency has exhausted all other provisions and resources for internally funding suppression activities, AND Part XI. OPERATIONS, Item F. Response to Wildland Fire, “The Incident Commander will incorporate those special management considerations into the incident planning process subject to the Delegation of Authority, AND EXHIBIT C. OPERATING PLAN, Part V. Operations, Item E. Decision Process, “Incident Management and Response, Wildfire Risk and Complexity Assessment, (WFDSS)”. It is hereby determined that Cost Share Agreements between only Federal</p>

		<p>Agencies will be deferred to the afore cited processes for documentation of fire suppression activities.</p> <p>When fires cross boundaries of Federal and State protection, a Cost Share Agreement will be completed.</p>
