

Northern Rockies Coordinating Group

Federal, State, and Local Government Agencies Working Together In Emergency Response Management

Date: November 30, 2017

To: Northern Rockies Incident Commanders, Deputy, Alternate and Trainee ICs

From: Chair, Northern Rockies Coordinating Group

Subject: Northern Rockies Incident Commander Committee Approval

During the IMT Summit earlier this year a recommendation was made by the IC's to establish a Northern Rockies Incident Commander Committee (NRICC). The IC's were requested to provide the NRCG Board of Directors with a draft Charter for consideration at the Fall NRCG meeting.

The NRCG met recently to review the Charter and give final approval for the formation of the IC Committee.

With this memo, the Board authorizes the formation of the Northern Rockies Incident Commander Committee, Joe Sampson as Chair, as well as approving the attached Charter.

All standing Northern Rockies committees have a NRCG Board Liaison. Dan Warthin (NPS) will be the Liaison to the NRICC. Dan can be reached at 907-444-8788, or email by dan_warthin@nps.gov. Please work with Dan on issues concerning the IC committee.

We welcome the addition of the NRICC and your increased involvement with issues concerning Northern Rockies Incident Management Teams.

Mike Granger
Chair, Northern Rockies Coordinating Group
