Significant Events: Low to Moderate fire behavior with minimal growth, some isolated and small group torching in timber. ERCs near or below 90th percentile. Fire continues to burn timber stands/fingers with increased activity in afternoon and evening. Active burning in heavier dead fuels with isolated tree torching. Spotting remains a problem, short range spotting observed. Slow-moderate rates of spread where fire is aligned with wind and slope. General spread has been wind and terrain driven. Fire activity slows down at night but remains active in many areas holding heat in down/dead timber.

Remarks: The following roads are closed- FDR 290 Gravelly Range Road is closed from FDR 237 Standard Creek Road, north to forest boundary near Arasta Creek. FDR 292 Call Road from the forest boundary, west to Gravelly Range Road. FDR 324 Johnny Gulch Road from the forest boundary west to Gravelly Range Road.
