

ITEAM - IBPA - DISPATCH OVERVIEW

What is ITEAM?

The **Incident Training Equipment Acquisition Management (I-TEAM)** program will be used by Region 6 for noncompetitive preseason IBPAs. I-TEAM is a web-based acquisition tool that allows Acquisition Management (AQM) to draft, approve, store, and distribute IBPAs. Additional functions have been developed for Fire & Aviation Management (FAM) and Dispatch. FAM will manage their training & inspection recordkeeping in the program and Dispatch will have access to equipment search reports.

What is an I-BPA?

Incident Blanket Purchase Agreements (I-BPAs) are preseason agreements for incident support. I-BPAs replace Emergency Equipment Rental Agreements (EERAs) for preseason sign up of equipment for use on incidents. EERAs will still be used for hiring equipment incident only. Incident-only EERAs are valid only for the duration of the incident they were signed up on. Once the incident releases the resource, the agreement is no longer valid.

How do I access ITEAM for Dispatch Reports?

If you do not have an E-Authentication account you will need to go to the link below to request an E-Authentication account. Once on this site go to “Create an Account” option and request a **Level 2 Access**.

www.nwportal.fs.usda.gov

If you have an E-Authentication account you can go to the link below and request access to ITEAM.

http://www.nwportal.fs.usda.gov/USFS_R6/ITEAM/

What kind of reports can I access in ITEAM as a dispatcher?

As a dispatcher ITEAM can be a very helpful tool to find and dispatch IBPA resources that can be difficult to find. Please see the list on the preceding pages of the resources available in ITEAM.

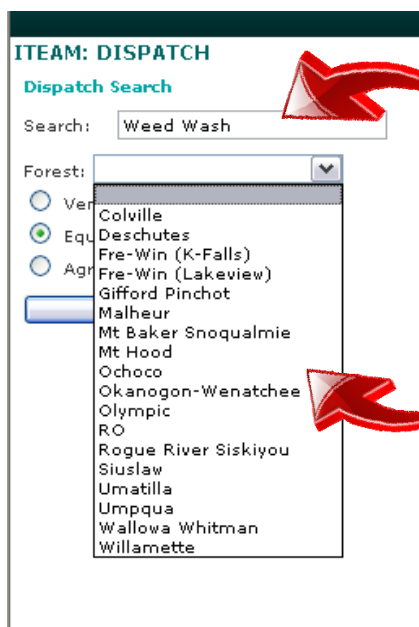

Please see the following examples for instructions on pulling reports.

Once you have entered your E-Authentication it will take you to the screen below.

Click on the ITEAM Option

To access reports click on the **DISPATCH** Tab

Type in the Equipment/Item you need in the **SEARCH** Option

You can use the pull down screen to choose a Host Forest or search without choosing a forest and see all the IBPA's for that type of Equipment

At that point you can choose SEARCH

From this screen you are able to see all the agreements for the Equipment and Forest you have requested.

The screenshot shows the ITEAM web application interface. At the top, the ITEAM logo is displayed with the tagline 'Incident Training and Equipment Acquisition Management'. Below the logo are three buttons: HOME, DISPATCH, and LOGOUT. The main content area is titled 'ITEAM: DISPATCH SEARCH RESULTS'. On the left, under 'Search Results', there is a table with two rows of search results. A red arrow points to the 'Agreement' column of the first row. On the right, under 'Search Again', there is a search bar with 'Weed Wash' entered, a dropdown menu for 'Forest', and three radio buttons for 'Vendor', 'Equipment type', and 'Agreement number'. Below these is a 'SEARCH' button. Further down, there is a 'Map Search Results' section with the Google Maps logo and a 'MAP THESE RESULTS' button.

Equipment	Vendor	Host	Agreement	Price	Location	VIN
Weed Washing Unit	CENTRAL OREGON FIRE SUPPORT SERVICES INC. 541-280-5524 541-604-0706 503-407-9540	Deschutes	AG-04GG-B-09-6027	\$2200 (DAILY)	1001 SW Emkay Dr, Bend, OR 97702	
Weed Washing Unit	CENTRAL OREGON FIRE SUPPORT SERVICES INC. 541-280-5524 541-604-0706 503-407-9540	Deschutes	AG-04GG-B-09-6027	\$2200 (DAILY)	1001 SW Emkay Dr, Bend, OR 97702	

NOTE: The agreement number is a link. When you click on the agreement number it will take you directly to a copy of the agreement.

GOOGLE MAPS:

This is an option that you can choose “MAP THESE RESULTS” and it will show on a map where each vendor is located and may assist you in dispatching the closest resource.
