Team #13            Brian Gales, Incident Commander  
                         Larry Nickey, Deputy Incident Commander

This is another year of change. We appreciate the patience and leadership of each of the ICs, together we will continue to improve the quality of our teams. The Board would like to thank all of the Incident Commanders and their deputies for their continued support and commitment to the incident management teams in our region.

I look forward to another safe and successful year of leadership from each of them.

A handwritten signature in blue ink, appearing to read "Randy M. Plummer". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Chairman, Northwest Geographic Area Board
