Aviation Status Report

Date/Time Stamp: Monday, Oct 16, 2017, 11:33

The Aviation Status Report is intended to identify the status of aircraft within the Northwest Geographic Area that are either:

Shared Resources - not restricted in their utilization by agency or location. State aircraft do not meet this criteria.

Federal Call When Needed aircraft on a fire related resource order.

State aircraft assigned in ROSS to a fire in the Northwest.

The primary source of this information is the Resource Ordering and Status System (ROSS).
