Northwest Fires Utilizing Monitor, Confine, Point Zone Protection Suppression Strategies (YTD) (link)

Lists fires (of any size) that singly utilize Monitor, Confine or Point Zone Protection suppression strategies, or use Multiple Suppression Strategies (which may also include a Full Suppression component).

Northwest Fire Potential Summary

Showers, gusty winds and mountain snow can be expected today as a low pressure system swings through our area. The next system arrives Saturday with warm, wet and windy conditions continuing through Sunday. Drier conditions are expected for much of next week as high pressure moves into the region.
