

If you need to change your password in ROSS – your dispatch office is no longer able to reset password. If you have a current password and have been into ROSS, all users i.e. (web status, militia dispatchers, everyday dispatchers and anyone else that has a user name and password for ROSS), must sign into NAP and answer security questions. Your password will expire after 60 days.

To ensure you have done this, click here to go to NAP: <https://nap.nwcg.gov/NAP/>

The image shows two screenshots of the NAP system interface. The top screenshot displays a "Government Warning" dialog box with the following text:

Government Warning

Unauthorized access to this United States Government Computer System and software is prohibited by Title 18, United States Code 1030.

This statute states that: Whoever knowingly, or intentionally accesses a computer without authorization or exceeds authorized access, and by means of such conduct, obtains, alters, damages, destroys, or discloses information or prevents authorized use of (data or a computer owned by or operated for) the Government of the United States shall be punished by a fine under this title or imprisonment for not more than 10 years, or both.

All activities on this system and network may be monitored, intercepted, recorded, read, copied, or captured in any manner and disclosed in any manner by authorized personnel. THERE IS NO RIGHT OF PRIVACY ON THIS SYSTEM. System personnel may give to law enforcement officials any potential evidence of crimes found on this USDA computer system.

USE OF THIS SYSTEM BY ANY USER, AUTHORIZED OR UNAUTHORIZED, CONSTITUTES CONSENT TO THIS MONITORING, INTERCEPTION, RECORDING, READING, COPYING OR CAPTURING AND DISCLOSURE. REPORT UNAUTHORIZED USE TO AN INFORMATION SYSTEMS SECURITY OFFICER.

At the bottom of the dialog box are two buttons: "Decline" and "Accept". A red arrow points from a text box labeled "Click Accept" to the "Accept" button.

The bottom screenshot shows the NAP login page. At the top, there is a "Message Board" section with the following text:

NAP-PROD NAP User Accounts

THIS IS NAP PRODUCTION

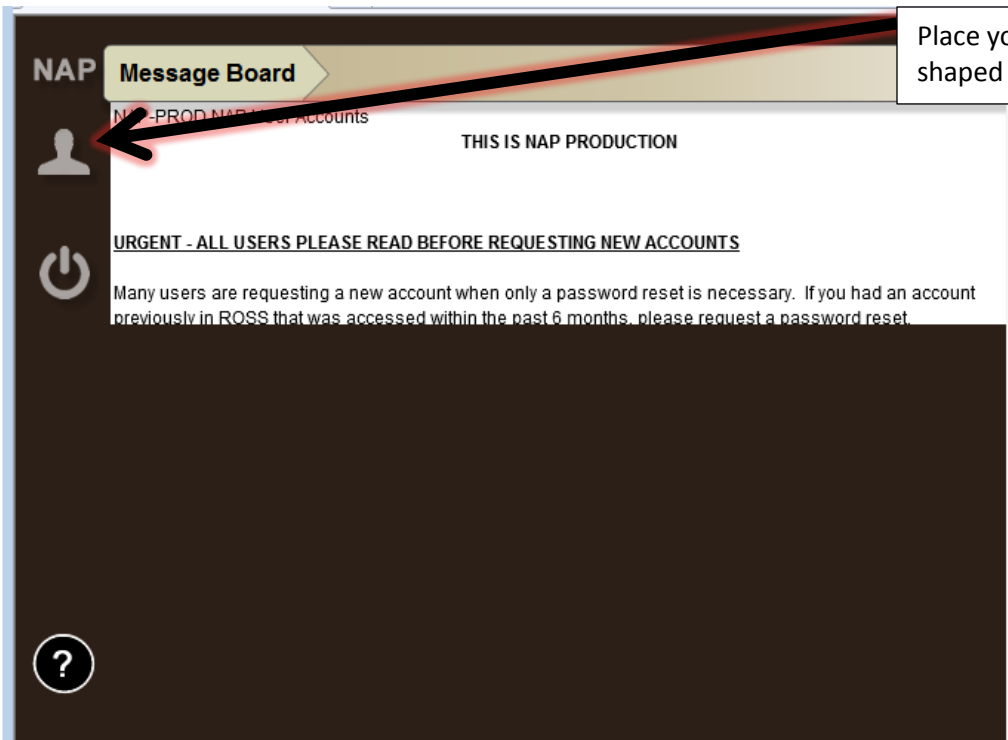

URGENT - ALL USERS PLEASE READ BEFORE REQUESTING NEW ACCOUNTS

Many users are requesting a new account when only a password reset is necessary. If you had an account previously in ROSS that was accessed within the past 6 months, please request a password reset.

Below the message board is a section titled "NESS Application Portal Supported Applications" which lists two applications:

- OIS** - Organization Information System
- ROSS** - Resource Ordering and Status System

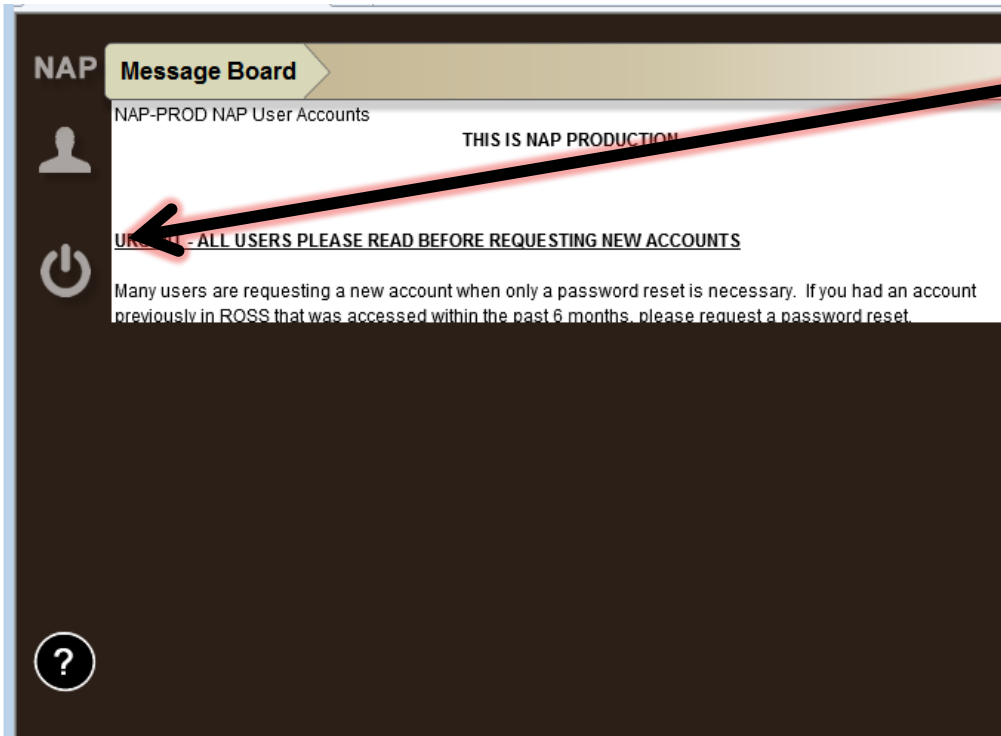

At the top of the login page, there are fields for "Enter Username:" and "Enter Password:", along with "Login" and "+ Accou" buttons. A red arrow points from a text box labeled "Sign In with your ROSS ID and Password" to the "Enter Username:" field.

Place your cursor on the person shaped icon.

Make sure your information is correct. Then click Security Profile and complete the three security questions

Once your security questions are complete, you can now give yourself a new password.

Click the button to log out.

If your password has expired, you will have to call the ROSS Help Desk and have them reset your password. Once you have done this then go into NAP and answer the security questions.
