

All stations standby for afternoon fire weather forecast.

Afternoon Fire Weather Forecast for Saturday, July 11<sup>th</sup>, 2026

DISCUSSION.....

**RED FLAG WARNING IN EFFECT UNTIL 2100 SUNDAY FOR STRONG GUSTY WINDS AND LOW RH's**

Elevated to critical fire weather conditions will continue through the weekend. Strong gusty southwest to west winds (25-35 mph) are expected through Sunday, with daytime humidities in the mid to low teens. Conditions peak today as winds increase some, humidities trend lower (low teens/single digits) and these combined conditions are most widespread. A thunderstorm pattern is shaping up for early next week. The best chances favor east of the Cascades beginning Monday.
