

All stations standby for your morning fire weather forecast.

Morning Fire Weather Forecast for Saturday, August 22nd, 2026

DISCUSSION... ..RED FLAG WARNING REMAINS IN EFFECT FROM 1400 UNTIL 2100 THIS EVENING FOR STRONG GUSTY WIND AND LOW RH FOR FIRE WEATHER ZONES 624 AND 625...

An upper-level trough and associated dry cold front will pass through the region today, producing breezy to gusty winds across the area. These winds will combine with low humidity to produce critical conditions east of the Cascades this afternoon. Conditions improve Sunday, then warmer temperatures return Monday and Tuesday. Seasonable conditions return midweek, with periods of enhanced afternoon winds possible.
