Introduction

This guide is intended for the use of dispatchers and expanded support dispatchers in Region 5. The guide supplements the California Mobilization Guide and serves as a quick reference. It is not intended to be all-inclusive, just as a reference, for the more-common orders.

Incident contracted equipment falls into two categories:

- Incident Blanket Purchase Agreements (IBPA)/VIPR – Dispatch Priority List (DPL)
- Non-Solicited equipment – Incident Only/Emergency Equipment Rental Agreements

Immediate Need Dispatches

Only operational equipment (Engines, Dozers & Water Tenders) may be ordered immediate need and deviate from the VIPR DPLs. The establishment of an “immediate need” request will be at the sole discretion of the IC. These requests will be placed for contract equipment within the Host Dispatch Zone listed on the priority dispatch list(s) and are determined to be the closest available resources. The Planned Need procedures do not apply to Immediate Need dispatches.

If the resources from the VIPR DPLs are exhausted or equipment cannot meet the immediate need, then the dispatch center may utilize locally available resources not on a VIPR DPL as an exception due to emergency fire conditions that warrant immediate deployment of resources. The Incident Only/EERAs issued in these situations shall be for that incident only. In these instances, equipment hired on an “Incident Only Basis” should be replaced with equipment from the local centers VIPR DPL as soon as practical, especially when additional operational periods are expected and or planned for the needs of the incident.

Planned Need Dispatches

When dispatching Planned-Need Equipment, the Dispatch Center will use the DPLs. During planned-need dispatches, when the available resources within a dispatch zone are exhausted, dispatch centers should utilize neighboring centers priority dispatch lists. This procedure incorporates dispatch centers already established in IROC as neighboring units (See listing in Appendix A). When placing an order through the selection area, a courtesy call should be placed advising the neighboring dispatch center of the order. If the neighboring centers cannot fill the needed resource the order should be placed up to the GACC for normal mobilization procedures.

All equipment should have a VIN#, Serial # or unique ID number noted on the resource order. Before orders are accepted by any priority dispatch contractor, the specific piece of equipment or person from the priority dispatch list ordered (by VIN, serial number or name) must be able to meet the date and time needed requirements established by the incident. If that specific piece of equipment or person is not available or cannot meet the date and time needed the dispatcher will move on to the next available resource on the DPL. Remember to DOCUMENT in IROC.

When dispatches are being made, if the contractor cannot be reached, the dispatcher may proceed with ordering the next resource on the DPL. If a Contractor is not able to be contacted, dispatchers will leave voice messages. If there is no response to these message(s) generally within 10 minutes, that resource will be deemed non-responsive and the next resource on the DPL will be called. Not responding to a call does not remove a Contractor from the DPL. Repeated non-responsiveness may be grounds for other contractual remedies and should be noted to Fire Operations within the VIPR program. Dispatchers must carefully document all of these calls and actions in IROC.

At- Incident Management Support Branch (AIMS)

Forest Service Fires Only identifies a need for Warranted Support.

AIMS Support Workload: Emergency Equipment Rental Agreements (EERA), Land Use Agreements (LUA), Copier Trailers, and Commercial Agreements

Phone: 720-473-4105 (regular and after hours – same number)

Email: SM.FS.WOAIMS@usda.gov

Reassignment of State (HEMs) equipment to Federal (VIPR) resources

When probable reassignment of equipment from state to federal incidents for support, please contact the respective GACC, Fire Operations Program Manager and or Incident Business Personnel as soon as possible. See methodology below for the reassignment process.

Respectfully all resources should not be automatically reassigned. The Host Dispatch Center Priority List MUST be considered as the first priority. The following considerations can help to support this.

- 1) If the Resource is on a HEM's agreement and has a VIPR agreement on Host Dispatch DPL, the resource can be reassigned.
- 2) If the Resource is on HEM's and not on the Host Dispatch DPL, but has a VIPR agreement on any other forest, it can be reassigned once it's determined there is no like equipment on Host Dispatch DPL.
- 3) If the resource is currently assigned under HEM's agreement and doesn't have a VIPR agreement it should be considered for demob.

Example: A Type 2 water tender is currently assigned on the incident under a HEM's agreement, and they also have a VIPR agreement. If the vendor's VIPR agreement is not on the host dispatch DPL, the host Dispatch will first check their DPL for a Type 2 water tender. If no Type 2 water tender is available on the Host Dispatch DPL, then the water tender currently assigned could be reassigned using their VIPR agreement regardless of their respective VIPR DPL dispatch location. Documentation on the new resource order would show no Host Dispatch equipment was available on their DPL.

COVID-19 CONSIDERATION FOR VIPR DPLs

Here is an opportunity to assist the Dispatch Centers this season with COVID-19 mitigations for Type 3-4 incidents (Type 1 and 2 as directed by the IMT's) in the local areas. Here are the terms of the contracts and here is a short-term deviation that can assist you this fire season.

In Accordance with the VIPR Agreement specifications:

D.6.1 -- DISPATCH PRIORITY. (a) Each host dispatch center will give dispatch priority to the resource offering the greatest advantage (See D.6.2) before all other private resources not under agreement with the following exceptions:

(1) For initial attack, dispatchers will follow the "closest forces" concept and utilize locally available resources according to agency and incident needs. The priority dispatch ranking may not be used during initial attack and contractor resources may or may not be used.

(2) Tribal preference policy established within reservation jurisdiction.

(3) Government normally will dispatch resources in accordance with this protocol; however, the number of fire orders in process and actual fire conditions at the time of dispatch may require a deviation from normal procedures in order to respond effectively to such conditions. Any such deviation will be within the discretion of Government and will not be deemed a violation of any term or condition of this Agreement.

Based on clause 3 above, Dispatches/Expanded Dispatches are authorized to deviate from the DPL due to COVID-19 related issues. Under the following guidance.

1. This is not a blanket waiver from the DPL.

Prior to deviating from the DPL, the Dispatch Center Manager must notify in writing (email) the intent to deviate from the DPL, emails can come from ECC Supervisors and need to include the name of the vendor.

- a. **Must state in the notification the reasons for deviation, timeframe (length of expected deviation), and impact of the deviation (how many vendors on DPL will be impacted).**
 - b. This justification/notification will be submitted by email to Yolie Thomas, and Matthew Gagnon prior to the deviation.
2. Dispatches will revert to the standard protocol as soon as practicable during the incident.
 3. Only VIPR vendors with agreements may be called. (AQM will not write Incident Only Agreements for equipment not in VIPR, this includes HEMS equipment and local vendors.). **Vendors not on VIPR agreements are not authorized without an AQM warranted approval**
 4. If you select other than the established DPL order, you may cause significant additional costs to the incident in higher rates to the government.

National Contracts for 2022

If in need of this information, you may submit an email request to FS-FS AQM ISB.

- Clerical Units
- Crew Carrier Buses
- Communication Units
- Fire Retardant
- GIS Trailer
- Helicopter Support Trailer

- Mobile Shower Facilities
- Mobile Food Unit
- Type 2 IA Crews
- Type 2 Crews

Equipment List

ALWAYS check the most recent dispatch priority list.

Dispatch Priority Lists (DPL) website:

<http://www.fs.fed.us/business/incident/dispatch.php>

Orders for contract equipment from these categories will be placed utilizing VIPR DPLs.

- Buses (Crew)
- Clerical Units
- Communication Trailer
- Dozers – Types 1 to 3
- Engines – Types 3 & 6
- Faller Modules (2 fallers)
- Faller, Single
- Fuel Tender
- GIS Units – Types 1 to 2
- Gray Water Trucks – Types 1 to 4
- Helicopter Support Trailers
- Heavy Equipment: Dozers, Excavators, Road Graders, Feller-Bunchers, Masticators, and Skidders
- Mechanics w/Service Truck –
- Mobile Chainsaw Repair Unit
- Mobile Laundry Units – Types 1 to 2
- Mobile Sleeper Units
- Potable Water Trucks – Types 1 to 4
- Refrigerated Trailers
- Support Water Tenders – Types 1 to 3
- Trailer Mounted Hand Washing Stations – Type 1 to 2
- Vehicle w/Driver
- Weed Washing Unit

NOTE: CHECK VIPR DPL UPDATES BEFORE ORDERING EQUIPMENT

Orders for contract equipment from these categories will be placed utilizing AIMS Process or Buying Team for an EERA.

Orders for contract equipment from these categories will be placed utilizing Commercial Agreements

- Portable Toilets
- Portable Hand Washing Stations

Agency Representative (AREP)

1. Considerations to Create Request

Type

- **CCC** – When two or more CCC crews are ordered
 - **Special Needs: for CCC crews**
- **CDCR** – California Department of Corrections & Rehabilitation, ordered for inmate crews
 - **Special Needs: for CDCR**
- **Cal Fire** – When Cal Fire assist federal fires
 - **Special Needs: for Cal Fire**

2. How to Create Request in IROC

CATALOG: Overhead
CATEGORY: Positions
CATALOG ITEM: AREP

3. From the Pending Request screen, Place Request up, followed by a courtesy phone call to the GACC.

Note: More information can be found in California Mob Guide Chapter 30

Aircraft Rescue Firefighting Apparatus – ARFF (Crash Rescue) Incident Only/EERA

1. Considerations to Create Request

Type

- Crash Rescue (Aircraft), Type 1 (3,000+ gals.)
- Crash Rescue (Aircraft), Type 2 (1,500 to 2,999 gals.)
- Crash Rescue (Aircraft), Type 3 (500 to 1,499 gals.)

Ordering Attributes

- None
- Dispatch would first search for agency, then cooperator, and finally vendor
- If it is determined that agency and cooperator resources are not available, that must be documented in IROC.

When only hired vendors are available, the hiring priorities are as follows:

1. Type needed

2. Date and time needed
3. Pricing
4. Location (miles) from their equipment site to the incident

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Engine
CATALOG ITEM:	Aircraft Rescue and Firefighting Vehicle, Type 1
	Aircraft Rescue and Firefighting Vehicle, Type 1
	Aircraft Rescue and Firefighting Vehicle, Type 1

3. Fill with Agreement. Order processes through AIMS or Buying Team

(Ex: Vendor Name last 6 of VIN#)

Note: The dispatcher will contact the appropriate Incident Contracting Officer (CO) and provide the CO with the type of Crash Rescue/ARFF ordered and the Date and Time Needed.

Ordering procedures are as follows:

1. Order is sent to Incident Host Dispatch Center (See VIPR/EERA Guide for additional info tentative vendor list).
2. Incident Host Dispatch Center will contact the Incident Contracting Officer to initiate the I/O EERA with the vendor
3. CO will provide dispatch with fill information once I/O EERA is initiated
4. Buying Team will provide the Host Dispatch with vendor travel information, and the Host Dispatch will complete the resource order in IROC.

Ambulance (Incident Only/EERA)

1. Considerations to Create Request

Type

- Ambulance, Type 1
- Ambulance, Type 2
- Ambulance, Type 3

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Medical
CATALOG ITEM:	Ambulance, Type 1
	Ambulance, Type 2
	Ambulance, Type 3

3. Fill with Agreement. Order processes through AIMS or Buying Team

(Ex: Vendor Name Last 6 of VIN# Resource ID(if exists))

Buses

1. Considerations to Create Request

Type

- **Buses, Crew Carriers**
 - (school type buses) appropriate for gravel or mountain roads for short duration travel, typical for transportation of 22–person crews (Resources Item in IROC) (DPL List)
- **Buses, Coach**
 - 40+ passenger with bucket type seating, toilet (Incident Only/EERA)
- **Buses, Shuttle**
 - 16+ passenger does not include 15–passenger vans, appropriate for incident shuttle use (Incident Only/EERA)

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Transportation
CATALOG ITEM:	Transportation, Bus Crew Carrier
	Transportation, Bus, Coach
	Transportation, Bus, Shuttle

3. Fill from the Pending Request screen – from the “VIPR” tab

(Transportation, Bus Crew Carrier).

(Ex: Vendor Name last 6 of VIN# (or SN if no VIN))

3a. Fill with Agreement. Order processes through AIMS or Buying Team

(Transportation, Bus, Coach, Transportation, Bus, Shuttle)

(Ex: Vendor Name last 6 of VIN# (or SN if no VIN))

Caterers

1. Considerations to Create Request

Type

- Minimum 150 meals and 72 hours

Ordering Attributes

- None

Ordering requirement

- Food Service Request Form – Attach to request in IROC
- If unable to attach for in IROC fax to GACC and call GACC to ensure fax receipt, addressing any further issues/concerns

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Food Service, Mobile
CATALOG ITEM:	Food Service, Mobile

3. Place request up and call GACC to confirm receipt of request and food service request – (National Mobile Food Services Contract)

Special Needs: Good address of the location, how many personnel being feed, first meal will be dinner and name of the incident contact person.

Note: Consider ordering a gray water and potable water truck in addition. Notify GACC of tentative release information. Upon demobilization give 15-minute travel.

Caterer T3 (Incident Only/EERA)

1. Considerations to Create Request

Type

- Minimum 49 meals and Maximum 149 meals

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Food Service, Mobile
CATALOG ITEM:	Food Service, Mobile

3. Fill with Agreement. Order processes through AIMS or Buying Team

Special Needs: T-3 Caterer, Good address of the location, how many personnel being feed, first meal to be served and name of the incident contact person.

Cellular on Wheels or COWs

1. Considerations to Create Request

Requests for Cellular on Wheels or COWs can be done through Verizon by calling 800-264-6620 and selecting option 7. This will take you directly to the technician for all of California. Make sure to state you need for a Cellular on Wheels to support Emergency Operations Command Post and identify the nearest populated area.

SERT Teams

SERT Teams or Significant Emergency Response Teams can be requested to assist in setting up a Cellular on Wheels or to provide connectivity for a community that has been affected by a burned over cell site. A SERT team can be requested at 800-264-6620 press 1 and stay on the line for a technician.

2. How to Create Request in IROC

CATALOG:	Supply
CATEGORY:	Service, Communication
CATALOG ITEM:	Service-Cellular Telephone (NON-NFES)

*Note: In special needs – for COW and SERT Teams

3. Fill with Agreement

(Ex: Vendor Name)

Chippers

1. Considerations to Create Request

Type

- Type 1 – 18-inch minimum diameter capacity
- Type 2 – 13 to 17-inch diameter capacity
- Type 3 – 9 to 12-inch maximum diameter capacity

Ordering Attributes

- None

Staffing and Personnel Requirements

- 2 Operators Required (Single Shift)

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Heavy Equipment
CATALOG ITEM:	Chipper, Type 1
	Chipper, Type 2
	Chipper, Type 3

Chipper, Type Any

3. Fill from Pending Request screen – fill from “VIPR” tab.

(Ex: Vendor Name last 6 of VIN#)

Clerical Support Unit (Incident Only/EERA)

1. Considerations to Create Request

Type

- None

Ordering Attributes

Internet capability will be listed on the priority dispatch list, and if the incident specifically orders the equipment with this attribute, vendors offering that attribute will be given preference as they appear on the priority dispatch list.

Internet is designed for that unit, if the incident requires services over and above those stated in this specification, an incident only EERA will be initiated by a warranted CO, and no payment will be made for optional internet that may be awarded on this agreement.

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Miscellaneous
CATALOG ITEM:	Clerical Support Unit

3. Fill with Agreement. Order processes through AIMS or Buying Team

(Ex: Vendor Name Last6VIN/SN or ResourceID)

Communication Trailer

1. Considerations to Create Request

Type

- Type 1 – Includes cost of Internet Capability in the daily rate
- Type 2 – Does not Include Internet Capability in the daily rate

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Trailer
CATALOG ITEM:	Trailer – Communications

3. From Pending Request Screen, Place Request Up, followed by a courtesy phone call to GACC.

(Ex: Vendor Name Last 6 of VIN#)

Computers (Incident Only/EERA)

1. Considerations to Create Request

Type

- None

2. How to Create Request in IROC

CATALOG:	Supply
CATEGORY:	Service, Office Support
CATALOG ITEM:	Service, Computer Rental

Process: Orders will be processed by the host unit dispatch.

Order form and EERA terms and conditions are listed at the website link below:

<https://www.fs.usda.gov/detail/r5/fire-aviation/management/?cid=stelprdb5303034>

Note: Plotters are now available from the caches.

3. Fill with Agreement. Order processes through AIMS or Buying Team

Critical Incident Peer Support Group (CISM)

1. Considerations to Create Request

Type

- None

2. How to Create Request in IROC

CATALOG:	Overhead
CATEGORY:	Groups
CATALOG ITEM:	Team, Critical Incident Stress

3. From the Pending Request screen, select Place Request Up, followed up with a courtesy phone call to GACC.

4. Create S# for Clinician

CATALOG:	Supply
CATEGORY:	Service, Miscellaneous
CATALOG ITEM:	SMED – Service – Medical

5. FILL with Agreement. Name provided by CISM Coordinator to requesting unit dispatch.

(Ex: Clinitation Name)

Note: All orders for peer support groups, need to be approved by the Forest Supervisor prior to the order being processed. Please note in special needs if rental cars are authorized. Rosters are hosted by the Northern California Coordination Center.

Dozers – (Private) VIPR

1. Considerations to Create Request

Type

- Type 1 – minimum 240 HP and greater and with Minimum base Weight of 60,000 lbs.
- Type 2 – minimum 150-250 HP and with Minimum base Weight of 35,000 lbs.
- Type 3 – minimum 99-165 HP and with Minimum base Weight of 20,000 lbs.
- Type 4 – minimum 50 – 110HP and with Minimum base Weight of 10,000 lbs.

Ordering Attributes

- Single or Double shift
- Grapple
- Rippers
- Low Ground Pressure
- Winch
- 6-way hydraulic blade- vendors offering that attribute will be given preference as they appear on the priority dispatch list

Note: Dozer contractors are required to provide transport, pilot cars, and any required permits under one request number (E#).

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Heavy Equipment
CATALOG ITEM:	Dozer, Type 1
	Dozer, Type 2
	Dozer, Type 3
	Dozer, Type 4

3. Fill on the Pending Request screen – use the “VIPR” tab.

(Ex: Vendor Name last 6 of VIN#)

Note: If known, document if the transport is to stay at the incident or be released.

Engines

Region 5 has awarded agreements for Type 3 & 6 engines.

1. Considerations to Create Request

Type

- Type 6 – 150-gallon min. (must be 4x4)
- Type 3 – 500-gallon min. – Minimum staff of 3 (total Staffing of 5) if additional staffing request, document in IROC.

Ordering Attributes

- All-Wheel Drive or 4X4
- Compressed Air Foam (CAFS)

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Engine
CATALOG ITEM:	Engine, Type (requested)

3. Fill from Pending Request screen – fill from “VIPR” tab.

(Ex: Vendor Name last 6 of VIN#)

Note: *Vendor must provide crew manifest to dispatch.* Contract engine and crews are excluded from the Neighbor Unit VIPR DPL Process. If the engine or crew list is depleted, place an order to GACC not to neighboring dispatch center.

Excavators (VIPR)

1. Considerations to Create Request

Type

- Type 1 – 160 HP and 50,000 lbs.
- Type 2 – 111 HP and 30,000 lbs.
- Type 3 – 81 HP and 20,000 lbs.
- Type 4 – 60 HP and 15,000 lbs.

Ordering Attributes

- Clamshell Bucket
- Up Down Blade or Dozer Blade
- Steep Ground (self-leveling cab – Timco, etc.)

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Heavy Equipment
CATALOG ITEM:	Excavator, Type 1
	Excavator, Type 2
	Excavator, Type 3
	Excavator, Type 4

3. Fill on the Pending Request screen – use the “VIPR” tab.

(Ex: Vendor Name last 6 of VIN#)

Note: If known, document in IROC if the transport is to stay at an incident or be released.

Expanded Dispatch Module

1. Considerations to Create Request

Type

- None

2. How to Create Request in IROC

CATALOG:	Overhead
CATEGORY:	Groups
CATALOG ITEM:	Module, Suppression

3. From the Pending Request screen, select Place Request Up, followed up with a courtesy phone call to GACC.

Faller, Single – Faller, Module

1. Considerations to Create Request

Type

- Faller, Single (1 faller w/ all equipment and vehicle)
- Module, Faller (2 fallers w/ all equipment and vehicle)

Note: *Only agency fallers are ordered as FAL1, FAL2, and FAL3.* It's now suggested when a faller module DPL becomes exhausted, ask the incident if the ordering dispatch center can order single fallers two at a time. The incident can create a module once they arrive at the incident.

Ordering Attributes

- None

Work/Rest

- Companies with multiple fallers on approved rosters may replace fallers on the same request. If rostered personnel are no longer available, new orders will use DPL.

2. How to Create Request in IROC

Faller, Single	
CATALOG:	Overhead
CATEGORY:	Groups
CATALOG ITEM:	Faller, Single

Faller Module
CATALOG: Overhead
CATEGORY: Groups
CATALOG ITEM: Module, Faller

Note: Document in IROC names of faller or fallers. When the module unit is exhausted at the host dispatch DPL, it may be helpful asking if single fallers could be ordered two at a time to create a module at the incident.

3. Fill from Pending Request Screen – fill from “VIPR tab.

(Ex: Vendor Name Module ID)

Feller Bunchers (VIPR)

1. Considerations to Create Request

Type

- Type 1 – 226 + HP
- Type 2 – 160 to 225 HP
Specify tracked or rubber tire (wheeled) plus min requirements

Ordering Attributes

- Cutting Heads:
 - Bar saw
 - Rotating Disc saw (Hot saw)
 - Harvester processing Head
- Cab Leveling
- Rubber tired or tracked

2. How to Create Request in IROC

CATALOG: Equipment
CATEGORY: Heavy Equipment
CATALOG ITEM: Feller-Buncher, Type 1
Feller-Buncher, Type 2

3. Fill on the Pending Request screen – use the “VIPR” tab.

(Ex: Vendor Name last 6 of VIN#)

Fuel Tender

1. Considerations to Create Request

Type

- Type 1 – 3500 + gallons
- Type 2 – 2500 to 3499 gallons

- Type 3 – 500 to 2500 gallons

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Miscellaneous
CATALOG ITEM:	Fuel Tender, Type 1
	Fuel Tender, Type 2
	Fuel Tender, Type 3

3. Fill from Pending Request Screen – query on “VIPR” tab.

(Ex: Vendor Name last 6 of VIN# or ResourceID)

GIS Units

1. Considerations to Create Request

Type

- Type 1 – 4 Computer Workstations, 2 additional workstations – 6 total
- Type 2 – 2 Computer Workstations, 2 additional workstations – 4 total
- Type 3 – 1 Computer Workstations, workspace to accommodate 5

Ordering Attributes

- None
-

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Trailer
CATALOG ITEM:	Trailer – GIS

Note: In “Special Needs” on the “New Request” screen, indicate if the Trailer is Type 1, 2, or 3.

3. From the Pending Request screen, Place Request Up, followed by a courtesy call to GACC.

(Ex: Vendor Name last 6 of VIN# or ResourceID)

Gray Water Truck

1. Considerations to Create Request

Type

- Type 1 – 4000 gallon +
- Type 2 – 2500 to 3999 gallon
- Type 3 – 1000 to 2499 gallon
- Type 4 – 400 to 999 gallon

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Gray Water Truck
CATALOG ITEM:	Gray Water Truck, Type 1
	Gray Water Truck, Type 2
	Gray Water Truck, Type 3
	Gray Water Truck, Type 4

3. Fill from Pending Request screen – fill from the “VIPR” tab.

(Ex: Vendor Name last 6 of VIN#)

Handwashing Units - Portable (EERA or Commercial Invoice)

1. Considerations to Create Request

Type

- None

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG:	Supply
CATEGORY:	Service, Sanitation
CATALOG ITEM:	Service – Handwashing Station (Portable)

Note: In “Special Needs” on “New Request” screen indicate, trailer portable.

3. Fill with VIPR

(Ex: Vendor Name last 6 of VIN# or ResourceID)

Note: Only one request number needed per vendor. Quantity and location of handwashing stations ordered to be documented in IROC.

Handwashing Stations – Trailer Mounted

1. Considerations to Create Request

Type

- Type 1 – 12+ sinks
- Type 2 – 8 to 11 sinks

Ordering Attributes

- Minimum 8 sinks

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Miscellaneous
CATALOG ITEM:	Handwashing Station (Trailer Mounted), Type 1
	Handwashing Station (Trailer Mounted), Type 2

Note: In “Special Needs” on the “New Request” screen indicate if trailer mounted. Potable Water tender provided by the government (ref to D.2.12 (a) (b) of the contract.

3. Fill from Pending Request screen – fill from the “VIPR” tab.

(Ex: Vendor Name last 6 of VIN# or ResourceID)

Helicopter Operations Support (HOS) Units

1. Considerations to Create Request

Type

- None
- Ordered by specific incident needs – i.e. radios, workstations, etc.

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Miscellaneous
CATALOG ITEM:	Helicopter Operations Support Unit

3. From Pending Request Screen, Place Request Up, followed by a courtesy phone call to GACC.

(Ex: Vendor Name last 6 of VIN# or ResourceID)

Incident Base Recycling IBPA (Incident Only/EERA)

1. Considerations to Create Request

Type

- None

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG:	Supply
CATEGORY:	Service, Sanitation
CATALOG ITEM:	Service – Recycling

3. Fill with Agreement. Order processes through AIMS or Buying Team

(Ex: Vendor Name)

Incident Base Units (Camp in a Box)

1. Considerations to Create Request

Type

- Type 1 (full configuration with 10 trailers)
- Type 2 (reduced configuration with 5 trailers)

Ordering Attributes

- None Closest Available Concept

2. How to Create Request in IROC

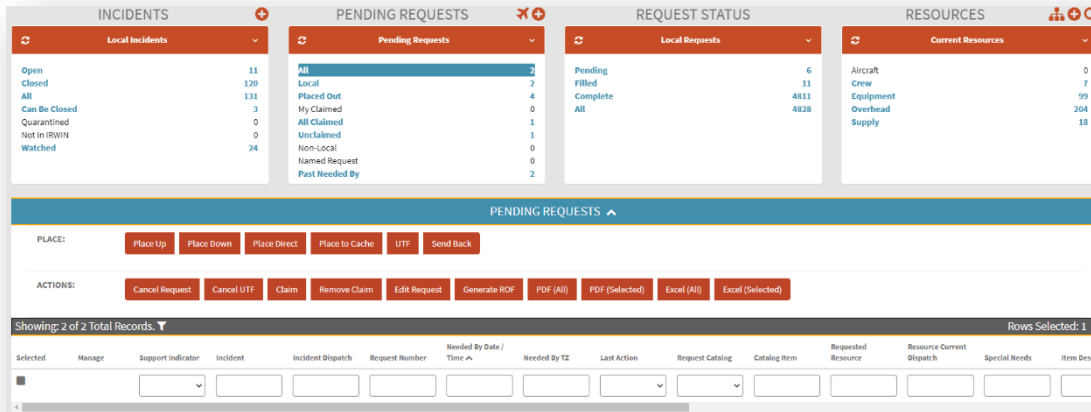

CATALOG:	Equipment
CATEGORY:	Miscellaneous
CATALOG ITEM:	Incident Base Unit, Type 1
	Incident Base Unit, Type 2

Note: In “Special Needs” add a good physical address of the location for the Incident Base Unit (Camp in a Box) to be delivered.

The request will be placed to the GACC, followed up with a courtesy phone call. The GACC will determine the closest resource (via MapQuest www.mapquest.com).

Special Needs: Physical Address

4. From Pending Request screen, Place Request Up, followed up with courtesy phone call to GACC.

Incident Management Teams (IMT)

1. Considerations to Create Request

Name Request

1. Considerations to Create Request

Type

- **Non- Cal OES**
 - **Special Needs:** Justification for Name Request, following IROC business practices.
- **Verbage Example :**

- **Standard OH NR:**
 - RESOURCE NAME
 - PRIORITY TRAINEE
 - SPECIFIC AGENCY REPRESENTATIVE
 - RESOURCE IS ABLE TO WORK VIRTUALLY FOR THIS ASSIGNMENT
 - THIS NR HAS BEEN APPROVED BY SENDING UNITS FOREST DUTY OFFICER AND IS AVAILABLE
 - FAMILIAR WITH LOCAL POLICIES
 - EXPERIENCED WITH LOCAL INCIDENTS GEOGRAPHY, FIRE BEHAVIOR, AND WEATHER PATTERNS
 - FAMILIAR WITH LOCAL FOREST, PARK OR TRIBAL NATURAL RESOURCE THAT ARE AFFECTED BY THE FIRE
 - JOHN DOE MEETS THE REQUIRED SPECIALIZED EXPERIENCE AND SKILLS AS A “THSP” FOR THIS ASSIGNMENT.
 - NAME REQUEST INDIVIDUAL DUE TO THEIR EXPERTISE IN NATIONAL AND REGIONAL MANAGEMENT
 - EXPERIENCED IN IDENTIFYING AND EVALUATING POTENTIAL IMPACTS OF FIRE OPERATIONS ON NATURAL AND CULTURAL RESOURCES.

- **Agency Representative:**
 - TO SUPPORT FED MISSION, etc.
 - EXPERIENCED WITH LOCAL FOREST COOPERATIVE AGREEMENTS
 - KNOWLEDGE OF FOREST SERVICE POLICIES AND PROCEDURES

- **Overhead NR request when other resources are closer:**
 - PRIORITY TRAINEE (if applicable)
 - RESOURCE IS ABLE TO WORK VIRTUALLY FOR THIS ASSIGNMENT
 - JOHN DOE HAS PRIOR WORK EXPERIENCE ON THIS FOREST
 - FAMILIAR WITH GEOGRAPHY AND FIRE BEHAVIOR
 - EXPERIENCED WITH LOCAL FOREST COOPERATIVE AGREEMENTS
 - KNOWLEDGE OF FOREST SERVICE POLICIES AND PROCEDURES
 - EXPLANATION OF SITUATION SPECIFIC SITUATION REASON

- **Overhead NR after receiving Multiple UTFs:**
 - PRIORITY TRAINEE
 - NAME REQUEST DUE TO MULTIPLE UTF ORDERS,
 - RESOURCE HAS APPROVAL BY SUPERVISOR FOR THIS REQUEST AND IS AVAILABLE
 - RESOURCE IS ABLE TO WORK VIRTUALLY FOR THIS ASSIGNMENT
 - JOHN DOE HAS WORKED ON THIS FOREST BEFORE AND IS VERY FAMILIAR WITH LOCAL POLICIES.

- **Cal OES**
 - **Special Needs:** Justification for Name Request, following IROC business practices. CFAA approved and justification form faxed to Warning Center.
 - **Financial Code :** CFAA – CA FIRE ASSIST AGR
 - Fax Justification form received from incident to Warning Center. Instruction on Link – <http://www.caloes.ca.gov/FireRescueSite/Documents/CalOES%20-%20Name%20Request%20Form%20-%2020140901uax.pdf>

Satellite Internet Service (EERA – Commercial Item)

1. Considerations to Create Request

Type

- None

2. How to Create Request in IROC

CATALOG:	Supply
CATEGORY:	Service, Communication
CATALOG ITEM:	Service – Data Line (NON-NFES)

Note: Process for ordering satellite services will be through AQM Incident Procurement or Buying Team.

Satellite Phones

1. Considerations to Create Request

Type

- None

2. How to Create Request in IROC

CATALOG:	Supply
CATEGORY:	Service, Communications
ITEM CODE:	Service – Satellite Phone (NON-NFES)

Note: Fill out Shipping Address, due to IROC glitch do not fill out Shipping Instructions

Special Needs: Name of the person responsible for Satellite Phones

1. From the Pending Request screen, Place Request up, followed by a courtesy phone call to GACC.

Tents and Canopies (EERA – Commercial Item)

1. Considerations to Create Request

Type

- Type 1 – Canopy w/o sidewalls (40x40, 40x60,40x80)
- Type 2 – Canopy w/o sidewalls (20x40, 20x60)
- Type 3 – Tent (500-700 sq. ft.), which also includes a cooling unit
- Type 4 – Tent (200-500 sq. ft.), which also includes a cooling unit

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG:	Equipment
CATEGORY:	Miscellaneous
CATALOG ITEM:	Tent, Type 1
	Tent, Type 2
	Tent, Type 3
	Tent, Type 4

Note: The Caches stock tents/shelters that may support type 3 or 4 tent specifications. Tents/Shelters ordered from the Cache are ordered by NFES number as an “S” number.

3. Fill with Agreement. Order processes through AIMS or Buying Team

(Ex: Vendor Name last 6 of VIN# or ResourceID)

Note: Tents need to be ordered independently and show individual E# for each tent on the resource order.

Tent Cooling (Cooling unit adequate to maintain a temperature 15 degrees less than the outdoor temperature)

- Cooling Unit is optional for Type 1 & 2 Tents (D.2.1.1(7))
- Cooling Unit is required for Type 3 & 4 Tents (D.2.1.2(6))
Note: *Type 3 & 4 Tent Vendors may bring whatever unit(s) (evaporative cooler, air conditioning unit, etc.) needed to meet the minimum cooling requirement*

Tent Optional Equipment

Optional Equipment is NOT incorporated into tent agreements. Tent orders shall not include optional equipment (i.e., generators, cooling units, or ADA Tents) on any of the tent resource order documentation.

The optional equipment listed below will be ordered separately from Tent orders and will require a separate request number:

1. Generator, with a decibel rating no greater than 68 at 50 feet
2. ADA Accessible Tent
3. Cooling
 - Example: The incident calls requesting expanded to order one (1) Type 2 Canopy (20x60) with an AC unit and three (3) Type 4 Tents all with AC units due to high temperatures. Expanded will generate one "E#" for the Type 2 Canopy (Tent), three separate "E#" for the AC unit and three separate "E#" for the three (3) Type 4 Tents. All tent orders will be filled using the appropriate DPLs. The AC Unit for the Type 4 tents may be filled by the Buying Team or the Incident Contracting Officer. The dispatcher filling AC order can ask the tent vendor if they have an AC unit available and relay that information to the Buying Team or the Incident Contracting Officer as a source for possible Incident Only EERA. If the Government is unable to come to terms with the respective tent vendor, the Government reserves the right to utilize other means to procure the optional equipment (e.g. Buying Team commercial rental).
 - *Consider contacting the Fire Cache. Tents may be available that meet the Type 4 specifications.

Toilets - Portable (EERA or Commercial Invoice)

1. Considerations to Create Request

Type

- Regular Portable Toilets
- Accessible Toilets

Ordering Attributes

- None

2. How to Create Request in IROC

CATALOG: Supply
CATEGORY: Service, Sanitation
CATALOG ITEM: Service - Porta Potties

Note: In “Special Needs” on the “New Request” screen indicate Regular or Accessible. No servicing is included in the daily rate. Logistics sets the schedule and number of services per day. **Only one request number needed per Toilet Vendor for each type of Toilet (i.e. Regular or Accessible).** Quantity and location of toilets ordered to be documented in IROC.

3. Fill with Agreement. Order processes through AIMS or Buying Team

(Ex: Company Name)

Note: When releasing document quantity and location in IROC

CATEGORY:	Transportation
CATALOG ITEM:	Transportation, Pickup
	Transportation, Vehicle, All Terrain (ATV)
	Transportation, Vehicle, Passenger
	Transportation, Vehicle, Sport Utility (SUV)

3. Fill with agreement.

(Ex: Vendor Name Vehicle model License#)

Neighboring Units for VIPR DPLs in IROC

Below is a list of the forests and their recommended neighbors for accessing VIPR DPLs when their DPLs are exhausted. If these neighboring lists are exhausted due to activity, an order should be placed to the GACC. Contract Engine and Crews are excluded from the Neighbor Unit VIPR DPL Process. ***If the Engine or Crew list is depleted, place the order to GACC, not to Neighboring Dispatch Center.***

MNF – SRF, SHF, PNF, ENF, TNF

SRF – KNF, SHF, MNF, MDF

KNF – SRF, SHF, MDF, LNF, MNF

SHF – SRF, KNF, LNF, MDF, MNF, PNF

LNF – MDF, SHF, PNF, KNF

PNF – LNF, TNF, SHF, MNF, ENF

TNF – PNF, ENF, MNF, SHF, STF

ENF – TNF, STF, MNF, INF, PNF

STF – ENF, SNF, LPF, INF, SQF

SNF – STF, SQF, LPF, INF, ANF

SQF – SNF, LPF, BDF, INF, ANF

INF – SQF, BDF, ENF, SNF, STF, ANF

LPF – AND, SQF, SNF, STF

BDF – ANF, CNF, LPF, INF, SQF

ANF – BDF, CNF, LPF, SQF, SNF, INF

CNF – ANF, BDF, LPF, INF, SQF

With new national VIPR direction, it is no longer acceptable to give your neighbor's access to equipment on your VIPR Dispatch Priority List (DPL) directly. As a solution to the issue, the GACCs will designate selection areas for DPL equipment in IROC for each dispatch center and their neighbors. If a DPL at the incident dispatch center becomes exhausted, the incident dispatch center can place an order in IROC directly to one of its dispatching neighbors. The neighboring dispatch will then shop their DPL. If they have also exhausted their DPL; they will UTF the order back to the incident (requesting) dispatch center. When this occurs, the incident dispatch center can place the request directly to the next neighbor on their list. After the incident dispatch center has exhausted their Neighbor's DPL, they will place the order to the GACC and the GACC will place the order to any remaining forest

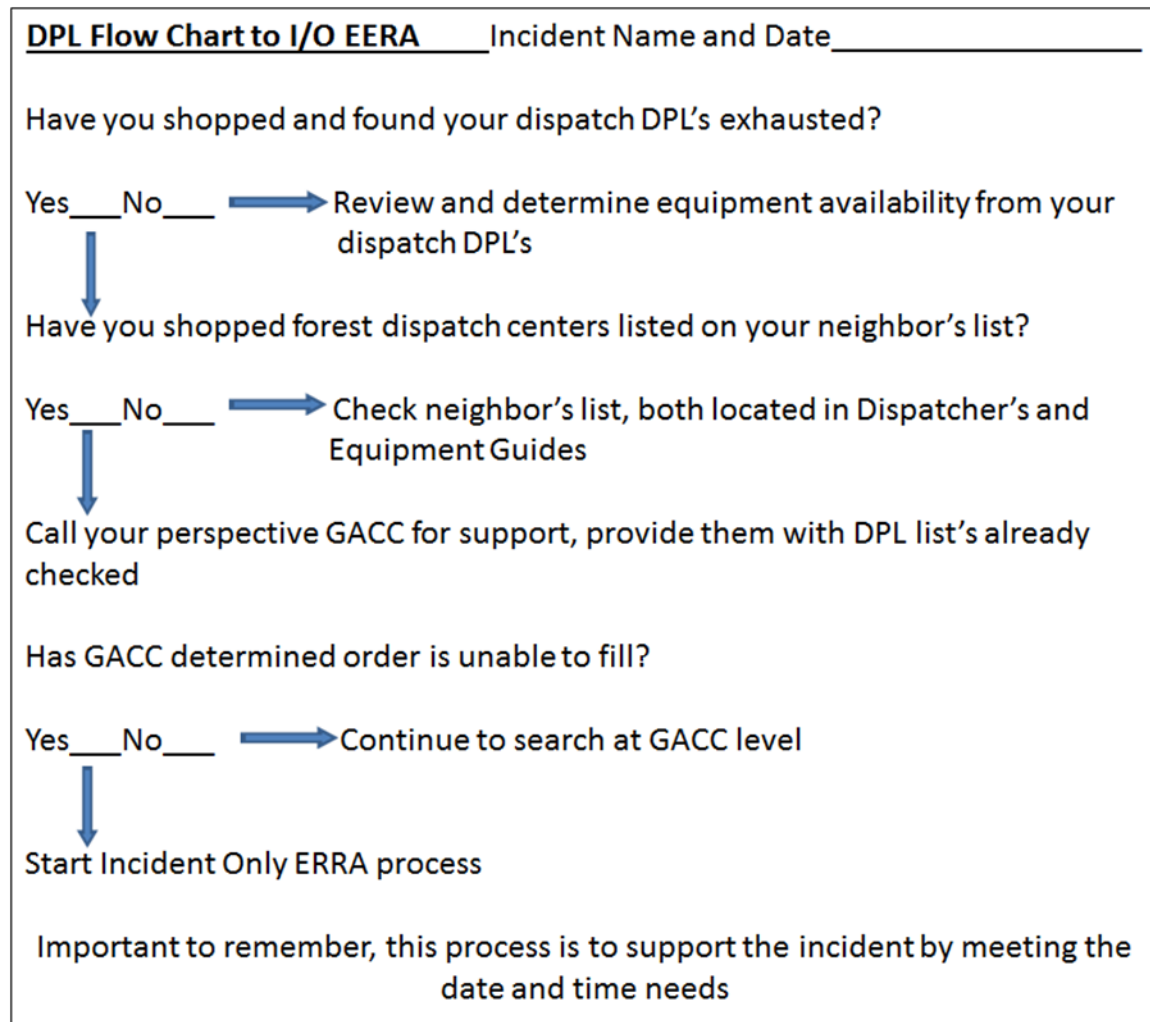

that has not been contacted by the Incident Host Dispatch Center. For consistency of documentation, dispatchers will be required to place the actual order to their neighbor for documentation purpose, just documenting a phone call to the neighbor, which states that the neighboring forest does not have the requested resource available without placing the order through the selection area will not meet an acceptable level of documentation.

Example

1. CNF has a request for a DPL Support Water Tender. CNF will first exhaust their list of DPL Support Water Tenders. CNF can then shop ANF, BDF, LPF, INF, and SQF for DPL Support Water Tender.
2. CNF will place the order through their selection area to the closest neighbor. For this example, CNF places the order to BDF.
3. BDF would then shop their DPL for Support Water Tenders. After BDF has exhausted their list, they would UTF the order back to CNF.
4. CNF would then place the order to the next neighbor on their list until the order is filled or their neighbors have exhausted their lists and have UTF it back to BDF. The recorded of UTFs will serve as documentation of which DPL was shopped for this request. Additional IROC "Documentation" or hard copy documentation will still need to be maintained to document communication with vendors on the DPL lists.
5. After CNF exhausts their neighbors' list, they would place the request to the GACC, and the GACC would place it to the next forest using the closest resource concept.

Most importantly, during your vendor contacts, if a vendor has indicated they have no equipment available, instruct the vendor to call dispatch to status themselves as available, when they become available. Remember to document this conversation/ vendor instructions. Suggestion: When the initial equipment orders start, the DPL lists can be printed out and used for your documentation of vendor calls and equipment status.

Below is a DPL flow chart to support decisions for Incident Only EERA process

--	--	--	--	---

Prioritization of Workload:

Category Priority:

- Sanitation services (Toilets, handwash, dumpster)
- LUAs for ICP locations
- Critical Supplies over the Micro- Purchase threshold (i.e. hydration)
- EERA/LUAs
- Supplies over the Micro-purchase threshold

Incident Priority:

- Initial Attack
- Extended Attack

NOTE: If a conflict occurs it will be left to the CO's discretion.

Incident Unit Responsibilities:

- Processing of OF286 invoices for EERAs and LUAs
- Providing documentation to COs for credit card purchases
- Coordinate with CO for commercial agreement equipment pickup and closeout
- Coordinating with vendors on release/ pickup of EERA and LUA resources only

AIMS Staffing Coverage at National Preparedness Levels through March 31, 2022:

PL 3 and above

- Operational hours 0700-1900 PT
- Staffed 7 days a week
- Call when orders are submitted

PL 2

- Operational hours 0800-1700 PT Mon-Fri
- Staffed as needed with on-call phone and email being monitored
- Evening, weekend, and holiday needs to be requested 72 hours in advance
- Call when orders are submitted

PL 1

- Staffed Mon Mon-Fri. On-Call phone monitored
- Extended hours requested 72 hours in advance
- Call when orders are submitted

Filing Naming Structure:

AIMS Tracker & How-To

AIMS TRACKER & HOW TO's

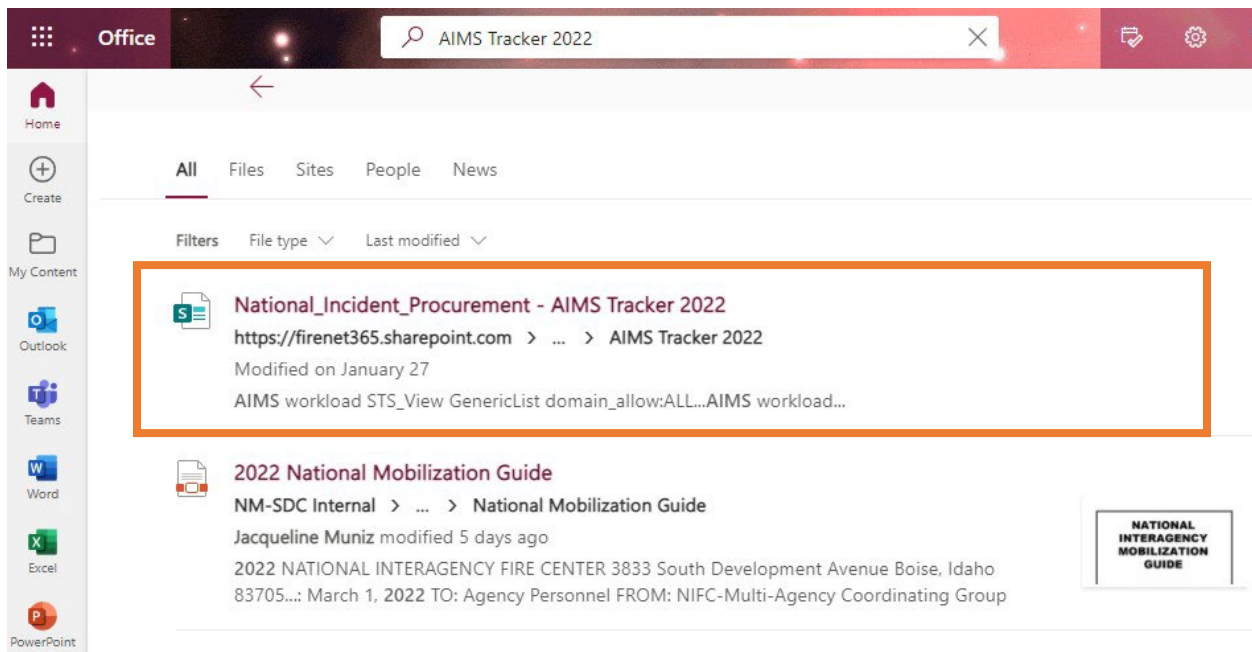

Access: Anyone with a FireNet Account can view

NAMED ACCOUNT VIEW STATUS/ INFORMATION

Log into FireNet using portal.office.com

At the main screen search “AIMS Tracker 2022” per Figure 1 & Select the SharePoint from the top of the list

Figure 1

Window in Figure 2 will populate.

Figure 2

+ New Edit in grid view Share Export Automate Integrate

AIMS Tracker 2022

GACC	Incident Name	Incident Number	Resource Order	Date Received	Re
SACC	CY22 Cherokee NF Support	TN-CNF-000001	S-1	1/25/2022 1:00 PM	
SACC	Walker	VA-VAF-220044	E-1	3/5/2022 12:00 AM	

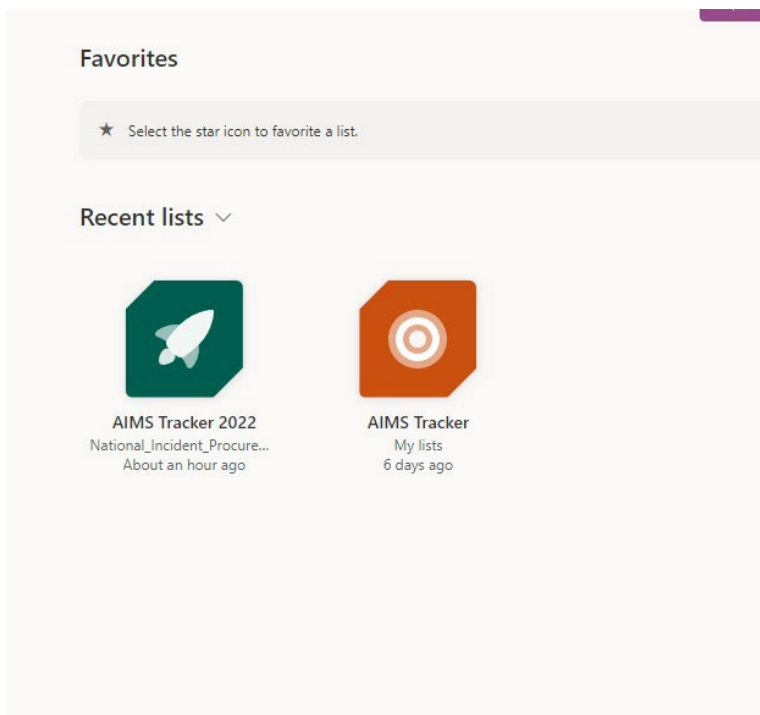

Column header can be used to sort or filter to locate your incident.

GACC	Incident Name	Incident Number	RO Number	Description	Quantity	Unit of Issue
------	---------------	-----------------	-----------	-------------	----------	---------------

Save the AIMS Tracker as a "Favorite"

Future use select the list here [icon] or from applications list here [icon] and you will see this view

Figure 3

Then you can click the star in the upper-right corner of the icon to Favorite the list.

Exporting the Information

Select "Export" from the top menu

Select either Excel Workbook or CSV and download to your computer.

Resource Extension Request

Most resources can be extended on Federal incidents. There are several considerations or factors to be considered.

This guide will lead you through the process of if a Resource Extension Request Form is needed, what signatures are needed, and where to send it to get additional signatures.

Any questions please reach out to the North Ops Duty Officer.

Things to consider before initiating an extension:

1. *Are personnel needed to work past their 14-day assignment?*
2. *Extension requests should be initiated by the incident. Is there at least 72-96 hours prior to the current last workday of the resource to provide ample time for approval process to be completed?*
3. *Is the resource in agreement to extend?*
4. *Have they already been extended on the current assignment?*
5. *Is this a VIPR resource that cannot rotate out personnel (Faller, Single/Module or Mechanic with Service Truck)?*
6. *Has the IMT Team received approval from the GACC/NMAC?*

*If resource is a Team, Hand Crew, Module, or an Engine Crew; only complete one request form.

Provide the Operational Resource Name, i.e., Smokey Bear T1 IMT, Smokey Bear T2IA Crew, Smokey Bear Suppression Module, Smokey Bear T4 Engine 741, for Resource Name. Provide Parent Request# only.

Overhead

Single Resource,

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1, 2 and 4 signatures are required in order.

Type 1 Incident Management Teams, Area Command Teams, National Incident Management Organization Teams (NIMO), and National Buying Teams.

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 – 6 signatures are required in order.

Type 2 Incident Management Team,

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1, 3 and 5 signatures are required in order.

Wildland Fire Modules (WFM1 and WFM2),

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 – 5 signatures are required in order.

Suppression Modules (SMOD),

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 - 5 signatures are required in order.

Overhead (VIPR)

Faller Module (FMOD),

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 – 5 signatures are required in order.

Crews

Agency Crews – All Agency crews need an extension request. Based on the policy in place at the time, agency crews may not be able to extend. Call North Ops for the most current information.

Type 1 Interagency Hotshot Crew,

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 – 6 signatures are required in order.

Agency Crews, (T2IA, T2)

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 – 5 signatures are required in order.

Contract Crews, (T2IA, T2)

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 – 5 signatures are required in order.

Equipment (Tactical)

Agency Equipment, (Engine, Water Tender, etc.)

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 – 5 signatures are required in order.

If crewmember swaps have been approved by the Hosting and Sending GACCs then no extension request is needed.

Equipment (VIPR/Contract/EERA)

Contract Equipment, (Mechanics T1 and T2) Extension requests are needed when personnel are not swapped out and asked to extend.

- Block A. is to be filled out by the Resource.
- Blocks B. & C. are to be filled out by the Incident Supervisor.
- Block D. 1 – 5 signatures are required in order.

In Depth, Extension Request Form Information

A) RESOURCE and INCIDENT INFORMATION:

- Resource Name: as it appears on their resource order.
- Home Dispatch or Home Unit ID: is where the resource is from. If using home unit ID, ensure that it is where the resource is from and not the owner of the contract. For example, some of the contract type 2 crews show a Home Unit ID: (ID-FCF). This ID may only be the owner of the contract and not where the resource is from. The purpose of this block is for easy determination of where the form needs to go. Please add additional information if needed. This is needed to know which GACC to send the extension request to for signatures.
- Incident Name: Name of the fire or the incident.
- Incident #: The specific # for the fire or incident (CA-LNF-000384).
- Request #: This is the resources order # on the fire or incident. This usually starts with either a E,O, or C. Which determines what type of resource they are (E-Engine, O-Overhead, and C-Crew).
- Position on Incident: This is the specific type of resource.
- Home Unit Supervisor's Information: This is the resources direct supervisor from where they are from.

Examples:

A.) RESOURCE and INCIDENT INFORMATION:			
Resource Name:	Six Rivers WFM	Home Dispatch or Home Unit ID:	North Coast ECC
Incident Name:	Barker	Incident #:	CA-SRF-000125
		Request #:	O-12
Position on Incident:	Type 1 Fire Use Module		
Home Unit Supervisor:	John Smith	Email:	john.smith@usda.gov
		Fax #:	1 (707)286-****

A.) RESOURCE and INCIDENT INFORMATION:			
Resource Name:	Cortez Fire Protection Dist.	Home Dispatch or Home Unit ID:	CO-DRC
Incident Name:	Highway	Incident #:	CA-MDF-000125
		Request #:	E-56
Position on Incident:	Type 3 Engine Module		
Home Unit Supervisor:	John Smith	Email:	john.smith@cfpd.co
		Fax #:	1 (945)786-****

B) REQUESTED BY:

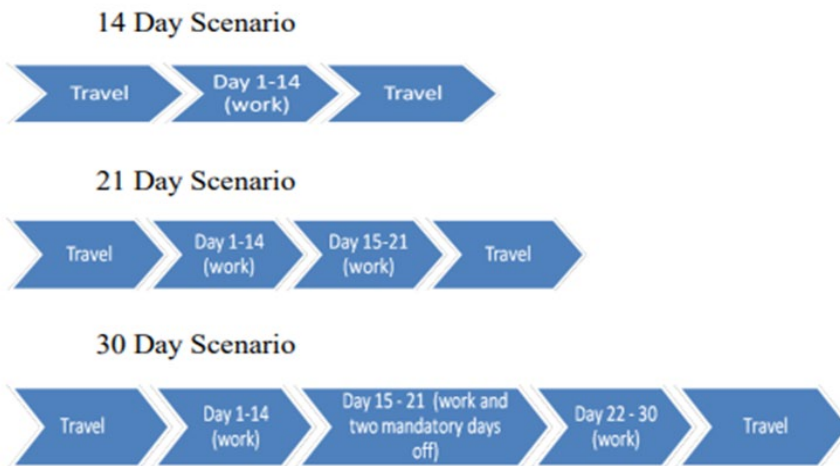

- To be filled out by the Incident Supervisor.

Example:

B.) REQUESTED BY:		
Incident Supervisor:	John Smith	Incident Position: Incident Commander

C) EXTENSION INFORMATION

- Length of Extension cannot exceed 30 days of actual workdays on the assignment. Last Workday, this is the new or proposed last workday. ***Remember To Account For Proper Work Rest***, by referring to the most current [NWCG Standards for Interagency Business Management](#) and the [2022 Interagency Standards for Fire Aviation Operations \(Red Book\)](#). *Different agencies may have different rules.*

- Justification is mandatory for needed extension request of resources.

After selecting one of the three justification options, explain in more detail of why this request is needed for the resource to extend.

Example:

<p>C.) EXTENSION INFORMATION:</p> <p>Prior to any extension, consider the health, readiness and capability of the resource. The health and safety of incident personnel and resources will not be compromised under any circumstances.</p> <p>Length of Extension: <u>14</u> Last Workday: <u>10/11/21</u></p> <p>Justification (Select from the List Below):</p> <p><input type="checkbox"/> Life and Property are imminently threatened,</p> <p><input type="checkbox"/> Suppression objectives are close to being met, or</p> <p><input checked="" type="checkbox"/> Replacement resources are unavailable or have not yet arrived</p> <p>Explanation for Extension:</p> <p>Great Basin Engine 318 last work day 9/24/2021. Great Basin Engine 318 will take three days RR and return for duty 9/28/2021.</p> <p>Replacement resources are unavailable. Lassen National Forest is in high to extreme fire danger.</p> <p>Operational name "Great Basin Fire LLC", Apparatus # 1FD0W5HT1DEB71063</p>

D) APPROVED BY:

- Signatures. Lines 1,2 and 4 must be signed before the GACC can sign. These can be verbal signatures if the resource is in the field and unavailable. "Per resource, good to extend" or "approved via phone" are just some examples. Actual signatures can be electronic or wet signatures.

Naming and Sending the "Resource Extension Request Form" to the GACC

Naming the Electronic File,

Name the file in this format: Ext_Fire Name_Resource Name_E/C/O#

Resource Example:

- Fire - Crew, T2 - CAYICC - 12 - 231 - Torres Contracting, Inc. - Crew 14 – C-121
- Groups - Module, Suppression - Kaibab Wildland Fire Module – O-342
- Engine Type 3 - Firestorm Wildland Fire Suppression, Inc. - 3FRNW65F06V246487 - E9908- E-172

Example of request file naming convention:

- Ext_River Complex_Torres Crew 14_C-121
- Ext_Monument_Kaibab WFU_O-342
- Ext_Caldor_Firestorm E9908_E-172

How to send to the GACC

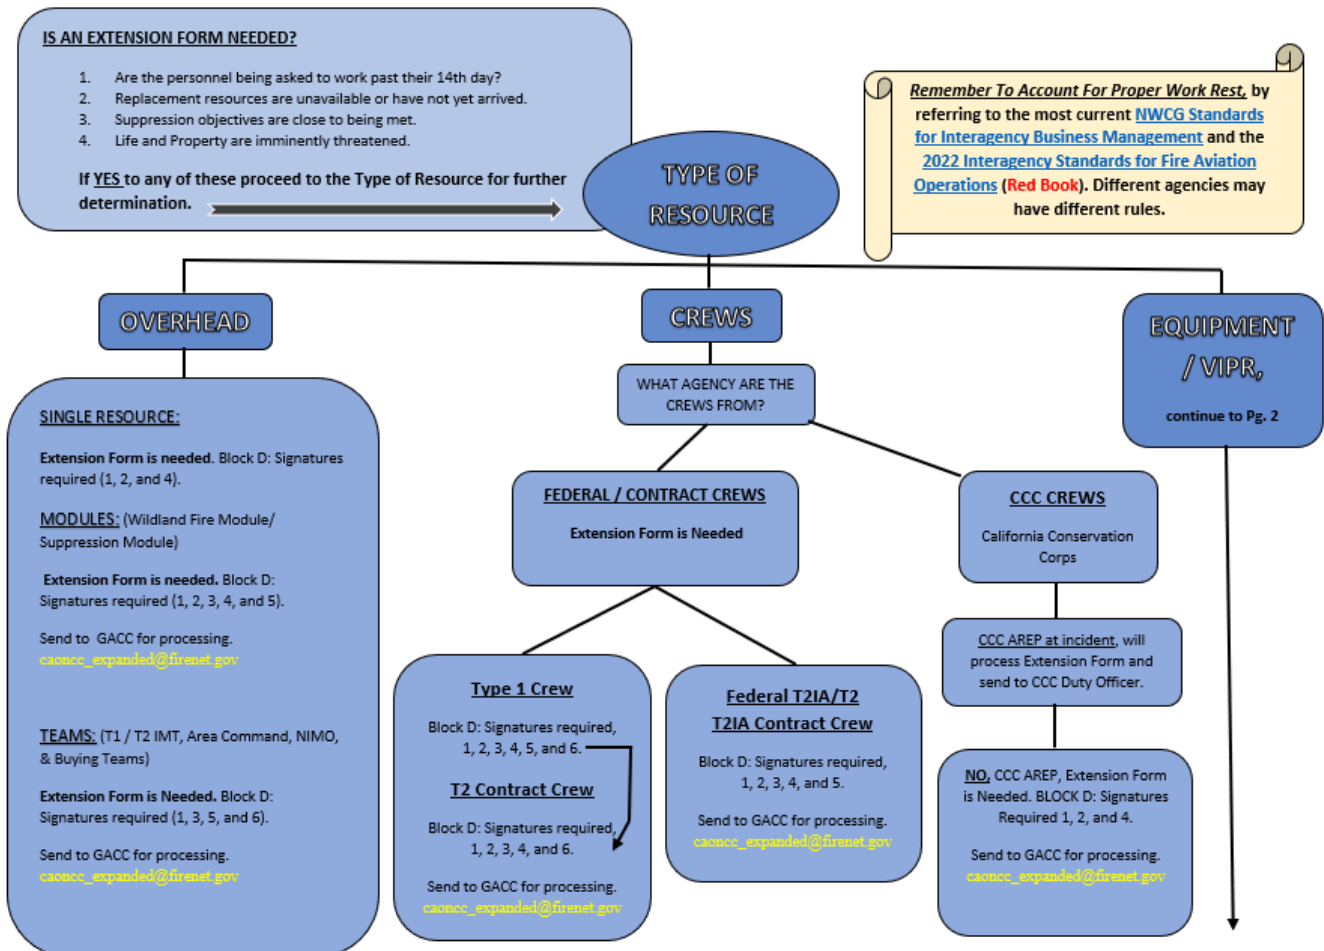

- Send to caoncc_expanded@firenet.gov to the GACC for signatures.
- Email Subject Line needs to be the same as the file name, for example ([Ext_River Complex_Torres Crew 14_C-121](#)).

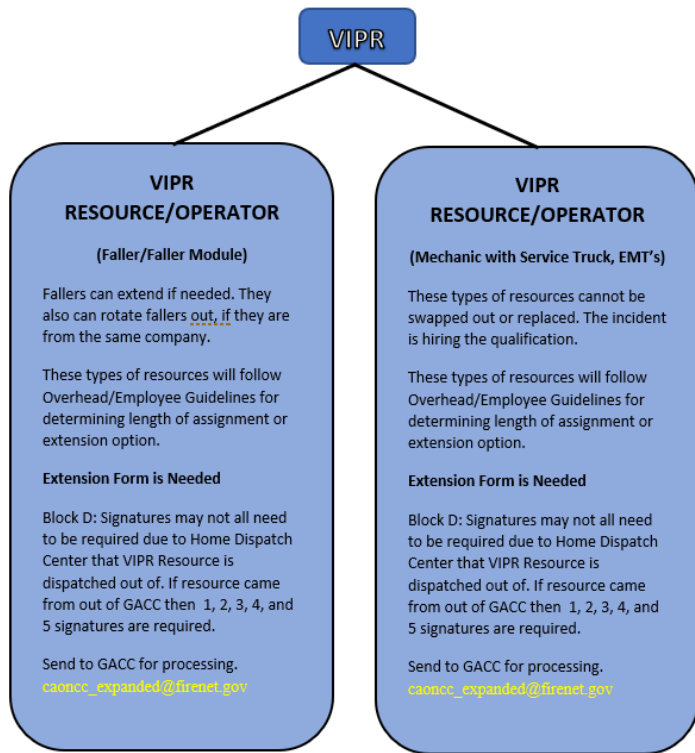

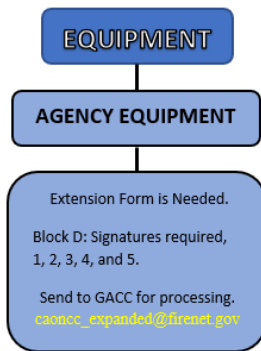

We will quality check them and send them on for signatures.
