

Chapter 30 – Organization

California Fire Service Multi-Agency Coordination System (MACS) Organizational Structure

<http://www.firescope.org/macs-docs/MACS-410-1.pdf>

The following organizational structure displays a FIREScope MODE 3 and 4 or a National Preparedness Level 4 and 5 activation.

MAC Group Purpose and Function

A MAC Group typically consists of Agency Administrators or their designees who are authorized to commit agency resources and funds. Their function is to support incident management through coordinating their collective resources, sharing incident information and implementing coordinated strategic policies to prevent and/or combat growing emergency(s). In order to accomplish this objective the MAC Group must establish a common operating plan. The area represented can be a City, County/Operational Area, Region, such as one of the six OES Fire and Rescue Mutual Aid Regions or a Geographic Area, such as Northern and Southern California Geographic Areas or a Statewide MAC Group such as CalMAC.

MAC Group objectives in coordinating finances, equipment, personnel and resources are:

- 1) Establish priorities for response.
- 2) Allocate critical resources based on established priorities.
- 3) Establish and/or implement communication systems integration.
- 4) Ensure Information coordination both internally and externally.
- 5) Establish intergovernmental decision coordination, develop strategies and contingency plans.

It is extremely important that MAC Group members have full authority from their respective agencies to commit resources, including equipment and personnel, and fully represent their agency or department in MAC Group decisions.

Northern MAC Group Organizational Chart

Northern MAC Group Organizational Chart

----- Dotted line denotes the agencies that could be represented during Preparedness Levels 4 and 5. This list is not all inclusive.

The Northern California Multi-Agency Coordination Group (NorCal MAC) acts as the geographic area authority to:

- Evaluate incident situation status reports and organizational resource status reports, as provided by the Northern California Geographic Area Units.
- Provide oversight for geographic area allocation of scarce and/or limited resources based on established priorities.
- Develop geographic area incident priorities and submit to CalMAC for evaluation and inclusion in national incident priorities.
- * DOI agencies may be represented at MAC by one DOI representative.

Southern MAC Group Organizational Chart

Southern MAC Group Organizational Chart

The Southern California Multi-Agency Coordination group (Southern California MAC) acts as the geographic area authority to:

- Evaluate incident situation status reports and organizational resource status reports, as provided by the Southern California geographic area Units.
- Provide oversight for geographic area allocation of scarce and/or limited resources based on established priorities.
- Provide written and verbal communication of MACS priority settings out to the following entities:
 - Applicable Agency Administrators
 - OCC MACS Liaison
 - FIRESCOPE Member Agencies
 - Home Agency
 - NorCal GeoMAC (if activated)
 - CalMAC (if activated) for evaluation and inclusion in national incident priorities.

1 California Fire and Rescue Ordering Process

Forest agencies (federal and CAL FIRE) in California may request assistance from Local Government fire department resources (overhead, engines, water tenders) via the CFAA Agreement; these requests are placed in ROSS from the forest agency dispatch center to the Cal OES Operational Area which is currently threatened.

Operational Area dispatch centers will fill the request with resources from within the Operational Area or once exhausted place outstanding requests to the Cal OES Regional dispatch center.

Cal OES Regional dispatch centers will place outstanding request to other Operational Areas within their Region or when all Operational Areas within their Region are exhausted will place requests to Cal OES Sacramento (OESH).

OESH will place outstanding requests to other Cal OES Regions in the state for processing.

Reference Cal OES Operations Bulletin 1 – Closest Resource Concept.

The diagrams below illustrate the Forest Agency and California Fire and Rescue ordering process

OES Region/Operational Area ROSS Responsibility

OES Region/Operational Area	ROSS Responsibility
OES Region 1	Los Angeles County Fire
