

Chapter 30 -CREWS**California Conservation Corps (CCC)**

CCC Support and Type 2 crews are available for assignments nationwide. Support crews can be utilized for a wide variety of incident support activities not requiring direct supervision such as traffic control, runners, equipment set-up, waste management, etc.

CCC Type 2 crews are fully equipped and the crew supervisors are federally qualified Crew Bosses. CCC Type 2 crews will be available through their local Unit or through the CCC Duty Officer. CCC has a centralized dispatch system for crews. All calls for crew assistance go directly to the CCC Duty Officer. The CCC Duty Officer will secure the closest available crew(s) for the assignment.

CCC Type 1 crews are CAL FIRE Type 1 crews and should be ordered as CAL FIRE Type 1 crews (Page 55, CAL FIRE/Type 1). If there is a need to specifically order A CAL FIRE Type 1 crew with CCC crew personnel, document in special needs

Unit and/or GACC:

Contact CCC Duty Officer 24 hour contact number at **916-599-1415** leave a message. If no answer within 2 hours, call CCC Emergency Manager at 916-341-3103 or 916-759-5804 (cell).

If no answer within 2 hours, call CCC Operations Chief at 916-341-3135 or 916-531-4259 (cell).

For CCC Support crews, order in the current ordering system as: Crew, Camp

For CCC Type 2 crews, order in the current ordering system as: Crew, Type 2

When two or more CCC crews are ordered, the CCC may request an Agency Representative to assist the crews while on assignment. CCC crews can be ordered 24 hours per day but do not respond to incidents between 2200-0600 hours due to safety, driving and union concerns.

Once fill information is provided by CCC Duty Officer, Host Unit or GACC will fill the crew and overhead request using Contract Agreement Tab in the current ordering system. If there is a new assignment for a CCC support or type 2 crew, they should be released from the first assignment, and then filled by the new requesting unit/forest under the Contract Agreement Tab in the current ordering system.

CAL FIREType 1

CAL FIRE fire crews are comprised of adult inmates, youth wards or California Conservation Corps members. CAL FIRE fire crews are not breakdown capable. These firefighters require custodial supervision during off shift periods, and are limited to incidents within the confines of California. Reciprocal agreements have been made with the State of Nevada, allowing these crews to respond to wildland fires threatening the State of California up to 25 air miles within the Nevada border. They are trained for wildland firefighting and, in some cases, for Urban Search and Rescue missions.

CAL FIRE may require that all CAL FIRE crews be ordered in Strike Team configuration when responding to incidents outside their home Unit.

1 The CAL FIRE crew will consist of 12-17 crew firefighters and one (1) Fire Captain. With adult inmate
2 CAL FIRE crews, California Department of Corrections & Rehabilitation (CDCR) custodial personnel
3 will accompany the crews to provide off shift supervision. For youth ward CAL FIRE crews,
4 California Department of Juvenile Justice (DJJ) counselors will accompany the crews to provide
5 off shift supervision. Custodial coverage will be arranged and dispatched by the sending CAL
6 FIRE Camp. Technical Specialists Crews (THSC) will be ordered when the number of crews
7 assigned to an incident reaches seven (7), and the fire is expected to actively burn into the next
8 burning period. This number will remain flexible to meet special needs; such as duration of
9 incident, complexity of incident or custodial problems.

10
11 For logistical considerations CAL FIRE utilizes male, female, and youth inmate crews and must
12 be housed separate. The female crews are from Puerta La Cruz and Rainbow camps. The youth
13 crew is from Pine Grove camp. In addition there also Los Angeles County male and female
14 inmate crews that fall under the CDCR that are used statewide.

15 CAL FIRE crews are ordered in the current ordering system as: Crew, Type 1

16 If a CDCR Agency Representative has not been ordered, once the crews and custodial personnel
17 are on the incident the senior custodial officer will request an order/request number for a CDCR
18 Agency Representative through the Incident Commander. The senior custodial officer will
19 notify his/her agency of the requirement for a CDCR Agency Representative and will take the
20 responsibility for making direct contact with the individual to fill the order/request. CDCR
21 Agency Representative will be filled with agreement in the current ordering system by the host
22 Unit. Reference CAL FIRE Handbook 8100, procedure 384

23 24 **Federal**

25
26 Annually, each Unit will provide their respective GACC a list of the crews administered by their
27 Unit. All crews will consist of 20 members. When crews are mobilized to an incident, the
28 minimum crew strength will be 18 members. When any combination of crews numbering four
29 or more are committed to an incident out of State, an Interagency Resource Representative
30 (IARR) may be assigned by the GACC.

31
32 NWCG Minimum Crew Standards for National Mobilization, reference the National Interagency
33 Mobilization Guide, Chapter 30.

34 35 **Type 1 Hotshot**

36
37 Hotshot Crews and Smokejumper Crews meet the minimum National Type 1 Crew standards.
38 Crew listing is available at http://www.fs.fed.us/fire/people/hotshots/IHC_index.html.

39
40 The GACC will coordinate all movement of these Crews. Units may commit their Type I
41 Federal Crews to initial attack incidents in the Unit. Response to cooperator's requests for
42 Assistance by Hire in the immediate vicinity of the Mutual Threat area can be initiated by the
43 Units. Both above actions will be followed by immediate notification to the GACC of resource
44 commitment.

1 When Type 1 federal crews are flown to an incident, it is prudent to follow up with their crew
2 vehicles, when the home Unit or GACC can provide drivers. Sending GACC's have the
3 responsibility to arrange for the mobilization and coordination of their transportation. Efforts will be
4 coordinated with the home Unit and local GACC, as ordered overhead that are enroute to the same
5 incident could benefit from the transportation. The home Unit will arrange for transportation to the
6 incident for crew members not initially mobilized. This practice is not intended for crew or module
7 members other than Type 1 Crews.

8 Ordered in the current ordering system as: Crew, Type 1

9

10 **Smokejumpers**

11

12 A 40 person Smokejumper crew is based at the Northern California Service Center in Redding.
13 Smokejumpers can be utilized as a Type 1 Crew. Approximately 30% of the crew is Crew Boss
14 rated and most Smokejumper supervisors hold Division Supervisor ratings. At least 50% of the
15 Smokejumpers are qualified Class C Timber Fallers and the entire crew is trained in the use of cross-
16 cut saws. Approximately 90% of smokejumpers are certified as EMR, EMT, or above, with some
17 receiving additional training on the use and administration of epinephrine and IV fluids, for use on
18 Forest Service and fireline personnel.

34 Resource Designation List. Regular Crews are formed as needed. They are comprised of Unit
35 employees normally assigned to various disciplines on the Unit. Regular Crews are Unit resources
36 and are considered part of the national mobility concept. GACC's will coordinate movement of
37 these crews. Ordered in the current ordering system as: Crew, Type 2

38

39 **Type 2 Organization**

40

41 Organized Crews (OC) are emergency firefighting employees. Crew members must meet the same
42 training and physical standards established for other Unit crews. Organized Crews are sponsored or
43 contracted by various Units. Sponsoring Units are responsible for training, outfitting, mobilizing,
44 and paying the crews. Organized Crews are Unit resources but are considered part of the national
45 mobility concept. GACC's will coordinate movement of the crews.

46

47 Each hand crew will have the standard configuration for supervision as Regular Crews. This consists
48 of a Unit Crew Supervisor and three Squad Bosses. These supervisory positions may be filled with
49 agency personnel or Administratively Hired (AD) personnel who meet all the NWCG 310-1 and
50 Forest Service standards for each position.

1 A Crew Representative may be assigned if the Crew Supervisor does not meet Crew
 2 Representative standards specified in Chapter 20 of FSH 5109.17 Wildland Fire Qualifications
 3 Guide. If an AD Crew Supervisor is used, a Crew Representative will be dispatched with the
 4 Organized Crew. A single Crew Representative may be assigned to one or more Organized
