| Significant Events: No major smoke heat from the wind event, still smoldering along the river | | | | | | | | |
| Remarks: The TFR over the Fork fire has been lifted as of 10/12/20. Change in acreage was due to better mapping. OK | | | | | | | | |

GACC Detailed Situation Report - by Protection

Report Date: 10/17/2020

Geographic Area: Northern California Area Coordination Center

Preparedness Level: IV

Planned Actions: **Establish direct control lines where possible, utilizing indirect control line where direct control line is not feasible. Hold and monitor existing lines along current perimeter. Provide structure defense to residential structures in the threatened communities. Protect critical utility infrastructure and values at risk.**
