

IRS-005 Resources Currently on Assignment

Report Help and Examples

'IRS-005 Resources Currently On Assignment' allows the user to generate a variety of reports about currently assigned resources.

This document will provide information regarding the following

- [Prompts](#) in the report
- [Report Layout](#) for each of the perspectives
- Sample uses of the report
 - [Local Resources on Assignment in the Local Area](#)
 - [Local Resources on Assignment Outside of the Local Area](#)
 - [Geographic Area Resources on Preposition](#)
 - [Aircraft on Assignment](#)
- [Helpful Tips](#)

Prompt Page

The prompt page contains a variety of options to allow you to use this report to serve a variety of reporting needs and to allow you to make some choices in how you want the results to be displayed.

All of the prompts are optional.

In most cases, you will only need to make selections in a couple of the prompt sections.

With the exception of the 'Optional Columns' prompt, making no selections in a list of choices is the same as selecting all of the values.

Report Display Options

1. Reporting Perspective – Provides options for the way that the results will be grouped
2. Organization Display – Provides options for the way that Organization info will be displayed in the prompts and in the report results
3. Incident Display – Provides options for the way that Incident info will be displayed in the prompts and in the report results
4. Optional Columns – Columns that can be displayed on the report at the discretion of the user

The screenshot shows a 'Report Display Options' panel with four numbered callouts (1-4) pointing to different sections. Callout 1 points to the 'Reporting Perspective' dropdown menu, which is currently set to 'Incident'. Callout 2 points to the 'Organization Display' dropdown menu, set to 'Name (Unit Code)'. Callout 3 points to the 'Incident Display' dropdown menu, set to 'Incident Name [Number]'. Callout 4 points to the 'Optional Columns' section, which contains a list of checkboxes. The 'Inc Dispatch' checkbox is checked, while all other checkboxes are unchecked. At the bottom of the 'Optional Columns' section, there are links for 'Select all' and 'Deselect all'. Below the panel, a note states: 'note: Optional Column does not apply for section headers'.

Prompt Page

Filled Catalog Item Filters

The Filled Catalog Item Filters allow you to return a result set based on the Qualification/Classification that resources are assigned as.

1. Click on the triangle to display/hide the prompt section.
2. Catalog, Category and Catalog item are cascading prompts. Options displayed are dependent on selections made in the prior box. For report results, making no selection in a section is equivalent to selecting all.
3. Click on the 'Filter' button to update the cascading prompts after making a selection. Click 'Clear' to uncheck all the selections in this section.
4. 'Exclude Frequencies' and 'Exclude Service – Aviation' are quick-filter options to exclude results from these categories by checking the appropriate box.

The screenshot displays the 'Filled Catalog Item Filters' interface. At the top, a grey bar contains a triangle icon labeled '1'. Below this, the interface is divided into three main sections: 'Catalog', 'Category', and 'Catalog Item'. The 'Catalog' section on the left lists 'Aircraft', 'Crew', 'Equipment', 'Overhead', and 'Supply', each with an unchecked checkbox. This section is labeled '2'. The 'Category' and 'Catalog Item' sections are currently empty. Each of these three sections has 'Select all' and 'Deselect all' links at the bottom. To the right of the 'Catalog Item' section are 'Filter' and 'Clear' buttons, labeled '3'. At the bottom of the interface, there are two quick-filter options: 'Exclude Frequencies' and 'Exclude Service - Aviation', each with an unchecked checkbox and a red question mark icon. The second option is labeled '4'.

Prompt Page

Incident Filters

The Incident Filters allow you to return a result set based on the incident that the resource is currently assigned to. Use this when you want to report on resources assigned to a particular incident or resources assigned to incidents in your local area.

1. Click on the triangle to display/hide the prompt section.
2. Incident GACC, Incident Dispatch and Incident are cascading prompts. Options displayed are dependent on selections made in the prior box. For report results, making no selection in a section is the same as selecting all.
3. Click on the 'Filter' button to update the cascading prompts after making a selection. Click 'Clear' to uncheck all the selections in this section.
4. Selections in Incident Type will apply to the report results as well as to results displayed in the Incident prompt.

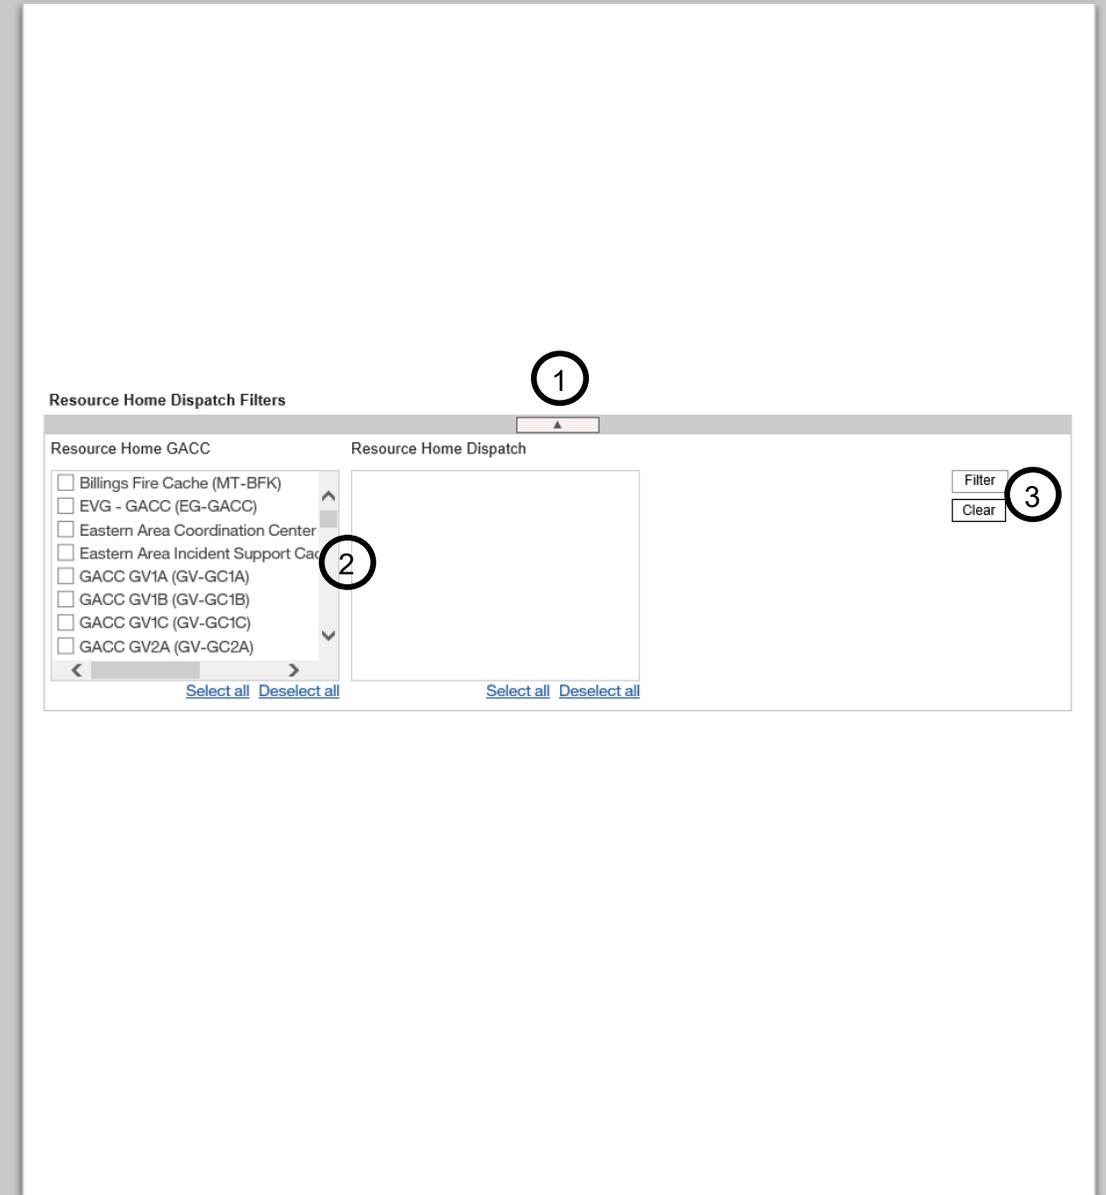

The screenshot shows the 'Incident Filters' interface. At the top, a small triangle icon is circled with a '1'. Below it, the interface is divided into three main sections: 'Incident GACC', 'Incident Dispatch', and 'Incident'. Each section contains a list of checkboxes and a 'Select all' / 'Deselect all' link. The 'Incident GACC' list includes options like 'Eastern Area Coordination Center', 'GACC GV3C (GV-GC3C)', 'GACC GV5A (GV-GC5A)', 'GACC GV5B (GV-GC5B)', 'GACC GV9A (GV-GC9A)', 'GACC LM1A (LM-GC1A)', 'GACC LM1B (LM-GC1B)', and 'GACC LM1C (LM-GC1C)'. The 'Incident Dispatch' and 'Incident' sections are currently empty. To the right of the 'Incident' section, there are 'Filter' and 'Clear' buttons, with the 'Filter' button circled with a '3'. Below these sections is the 'Incident Type' section, which includes checkboxes for 'Accident - Marine', 'Accident - Rail', 'Complex', 'False Alarm', 'Fire - Debris/Product', 'Fire - Prescribed', 'Fire - Structure', 'Fire - Vehicle', and 'Fire - Wildfire'. The 'Incident Type' section has a red question mark icon and a '4' circled around the 'Fire - Debris/Product' option. At the bottom right, there are 'Select all' and 'Deselect all' links for the 'Incident Type' section.

Prompt Page

Resource Home Dispatch Filters

The Resource Home Dispatch Filters allows you to display a result set based on the Home Dispatch of the Currently Assigned Resources. Use this when running a report to show where your resources are assigned.

1. Click on the triangle to display/hide the prompt section.
2. Resource Home GACC and Resource Home Dispatch are cascading prompts. Options displayed are dependent on selections made in the prior box. For report results, making no selection in a section is the same as selecting all.
3. Click on the 'Filter' button to update the cascading prompts after making a selection. Click 'Clear' to uncheck all the selections in this section.

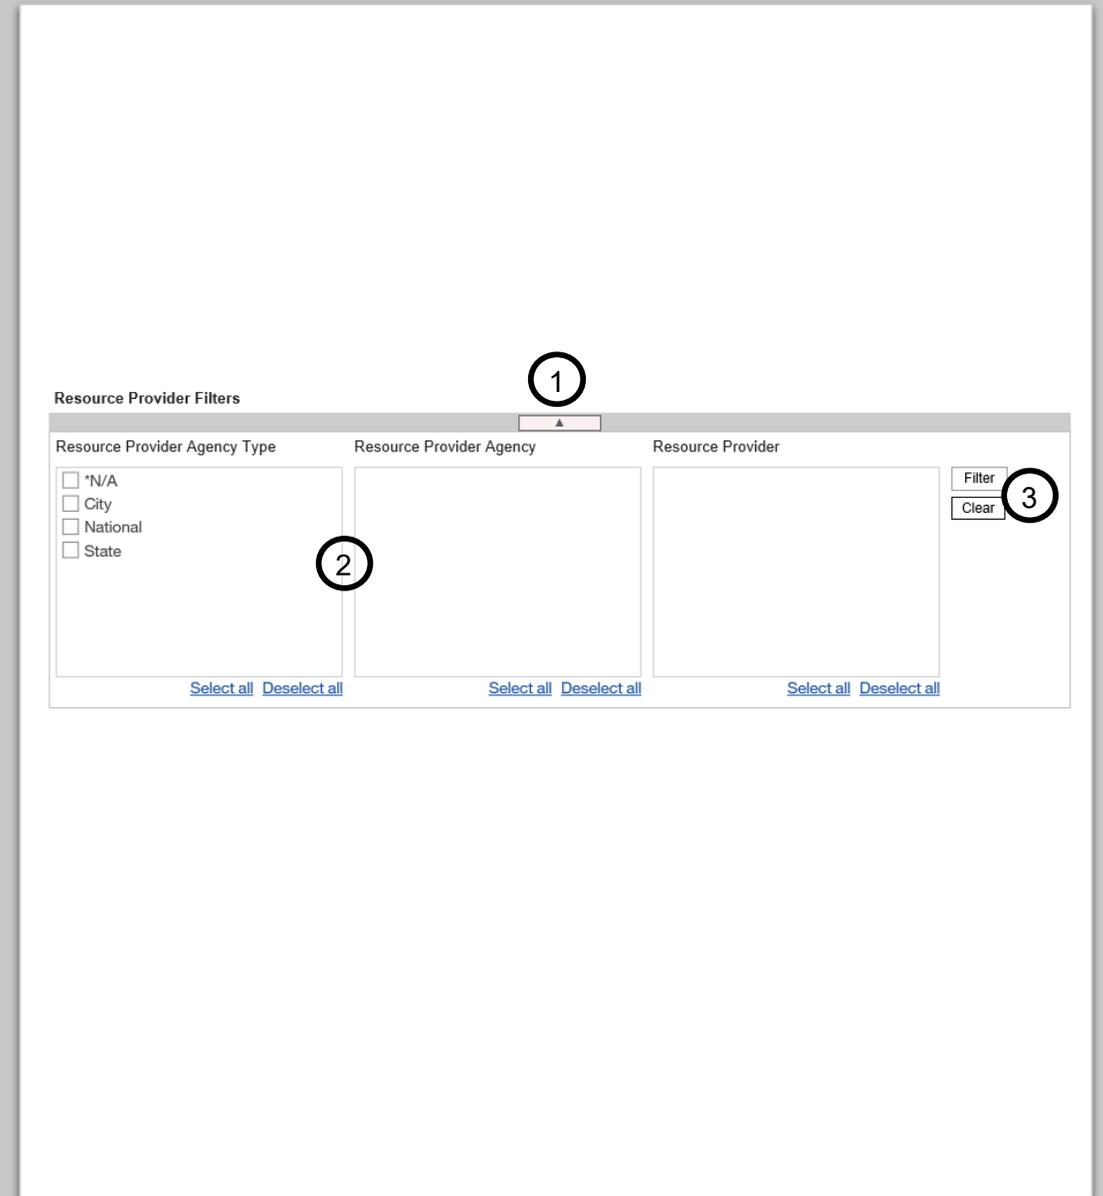

Prompt Page

Resource Provider Filters

The Resource Provider Filters allow you to display a result set based on the Provider of the Currently Assigned Resources. Use this when running a report to show where resources from a particular provider are assigned.

1. Click on the triangle to display/hide the prompt section.
2. Resource Provider Agency Type, Resource Provider Agency and Resource Provider are cascading prompts. Options displayed are dependent on selections made in the prior box. For report results, making no selection in a section is the same as selecting all.
3. Click on the 'Filter' button to update the cascading prompts after making a selection. Click 'Clear' to uncheck all the selections in this section.

Prompt Page

Other Filters

Other Filters provide additional means of filtering your result set. Each prompt is independent of the others.

1. Click on the triangle to display/hide the prompt section.
2. Use the Days Committed filter to narrow down results based on the number of consecutive days the resource has been committed.
3. The Assignment Type filter can be used to narrow down results based on whether the assigned resource is local or non-local to the incident or from within or outside of the geographic area of the incident.
4. Use the Vendor Owned Resource filter if you want to display only Vendor Owned resources ('Yes') or to exclude Vendor Owned resources ('No').
5. The Home Unit filter allows you to search for and select a Home Unit to use to filter your result set.
6. Click 'Clear' to uncheck all the selections in this section.

The screenshot displays the 'Other Filters' section of a software interface. It features several filter panels and a search bar, each annotated with a circled number from 1 to 6. Panel 1 is a toggle arrow at the top. Panel 2 is the 'Days Committed' filter with 'From' and 'To' input fields and radio buttons for 'Lowest value' and 'Highest value'. Panel 3 is the 'Assignment Type' filter with checkboxes for 'Local Assignments', 'In-Geographic Area Assignments', 'Non-Local Assignments', and 'Out-of-Geographic Area Assignment', along with 'Select all' and 'Deselect all' links. Panel 4 is the 'Vendor Owned Resource' filter with checkboxes for 'Yes' and 'No', and 'Select all' and 'Deselect all' links. Panel 5 is the 'Home Unit' search bar with a search input, a magnifying glass icon, a 'Select all' checkbox, and a 'No Results' message. Panel 6 is a 'Clear' button. Other elements include a 'Starts with any of these key' dropdown and a 'Case Insensitive' checkbox.

Prompt Page

Click 'Finish' after you have made all your prompt selections and are ready to see your report results.

The screenshot shows the ROSS (Resource On-Scene System) interface for generating an 'IRS-005 Resources Currently On Assignment' report. The page is divided into several sections:

- Report Display Options:** Includes dropdown menus for 'Reporting Perspective' (set to 'Incident'), 'Organization Display' (set to 'Name (Unit Code)'), and 'Incident Display' (set to 'Incident Name [Number]').
- Optional Columns:** A list of checkboxes for various data fields. 'Inc Dispatch' is checked, while others like 'Inc GACC', 'Res GACC', 'Res Dispatch', 'Res Agency', 'Res Provider', 'Res Home Unit', 'Aircraft Make/Model', 'Local Res Flag', 'Geo Area Res Flag', 'Employment Class', 'Res Qual Status', 'Mob ETA', 'Demob ETD', 'Demob ETA', and 'Res Count' are unchecked. 'Select all' and 'Deselect all' links are at the bottom of this list.
- Filters:** A series of horizontal bars for 'Filled Catalog Item Filters', 'Incident Filters', 'Resource Home Dispatch Filters', 'Resource Provider Filters', and 'Other Filters', each with a dropdown arrow.
- Buttons:** 'Cancel' and 'Finish' buttons are located at the bottom right. The 'Finish' button is highlighted with a red rectangular box.
- Header:** The ROSS logo is on the left, the report title 'IRS-005 Resources Currently On Assignment' is in the center, and a 'Help' link is on the right.

Sample Reports

Following are some examples of how you can use combinations of prompts to produce a variety of reports about currently assigned resources.

Sample Report

Local Resources on Assignment in the Local Area

The key to running a report for “In the Local Area” is selecting your dispatch in the Incident Dispatch prompt.

Perspective

Choose the perspective based on how you want your results organized

Prompt Selections

Prompt Name	Select
Incident GACC	GACC for your dispatch center
Incident Dispatch	Your dispatch center
Assignment Type	Local Assignments

Variations:

- Changing Assignment Type to ‘Non-local Assignments’ will give you a **Non-local Resources on Assignment in the Local Area** report.
- Making no selection in Assignment Type will give you a **Resources on Assignment in the Local Area** report.

IRS-005 Resources Currently On Assignment Incident Perspective

Selected Prompt Views:
 Inc GACC: Southern Area Coordination Center (GA-SAC) | Filed Catalog: Aircraft, Crew, Equipment, Overhead | Res Agency Type: Res Agency | Res Home GACC: | Days Committed: Local Assignments
 Inc Dispatch: Alabama Interagency Coordination Center (AL-AIC) | Filed Category: | Res Agency: | Res Home Dispatch: | Vendor Owned Resource: Home List
 Incident: | Filed Catalog Item: | Res Provider: |

Helpful Tips

- Use the “Save report as report view...” option to save the prompt settings for the report.
- Give the report view a meaningful name to help you (and others, if it’s saved to the Center Folders) identify what the report does
 - Recommendation: Keep the report code (IRS-005) in the name that you use for the report view to identify what the report view’s source is and to aid in searches.
- Example Names
 - ID-BDC Resources on Assignment in the Local Area by Incident (IRS-005)
 - ID-BDC Resources on Assignment in the Local Area by Catalog Item (IRS-005)
