

CALIFORNIA WILDLAND FIRE COORDINATING GROUP

2024 CWCG Direct Protection Area (DPA) Annual Update Memo

Date: May 15, 2024

To: Agency Administrators, Fire Management Officers, and Unit Fire Chiefs

From: Nathan Gogna, Chair, California Wildland Fire Coordinating Group

Subject: 2024 California DPA Attribute Correction Update

The California Master Cooperative Wildland Fire Management and Stafford Act Response Agreement (CFMA) between the five federal agencies and the California Department of Forestry and Fire Protection (CAL FIRE) is the primary mechanism that provides the framework for wildland fire protection responsibilities across the state of California. Utilizing CFMA, the state is partitioned into agreed upon DPAs. These DPAs identify which participating agency is responsible for wildland fire response.

The California Wildland Fire Coordinating Group (CWCG) approves the posting and distribution of the 2024 DPA products v24.2. The maps and data are available at the following locations.
