

# Smokey's Campfire Rules

1. Select a safe spot for a campfire and clear a circle 10 feet around it.
2. Be sure water is available to put out the fire.
3. Only an adult should start a campfire, cook on it, and put it out.
4. An adult should add small amounts of fuel to the campfire to control the size.
5. An adult should always watch the campfire.
6. Don't wear loose clothing or play around a campfire.
7. Have an adult put out the campfire: sprinkle with water and stir, repeat until the steam and sizzle stop, leave only when the fire is cold and 'dead out'.
