

Call Notes 29 Jan 2014

### Fire Prevention

2014 Fire Prevention team applications. Lots of interest, but no real commitments to be on a team and those was mostly from states.

Some movement for virtual training for team members. This will allow for additional training, but not eliminate the classroom training.

Working to form local teams in a dispatch area or geographic area. This will provide more options and opportunity for trainees.

Sheryl spoke with Warren walker about forming a prevention team that is shared between RMA and Great Basin. That may not be able to be developed until next year.

### RMACC PIO Duties

Plan to staff RMACC with detailers did not work. FS R2 is filling the position as it was staffed in 2012.

The role of the committee is unknown in providing oversight.

Fire Restrictions website. Not being updated and reflecting the correct info. Biggest challenging is where counties sit with restrictions. Goal is a more streamlined and consistent approach to restrictions.

### Cohesive strategy

Update on talking points. Rich Holmann (CO) has been working on this.

### 2014 Committee Issues: None stated

Prioritizing and selecting students for 420/520. Team leads are responsible for identifying and assisting the Ops committee on who is selected.

Updated contact lists for committees.

### Charter

2013 charter is posted and needs to be updated for 2014. Mission statement

Develop tentative call times for 2014.
