## Introduction

The National Fire Equipment System (NFES) Subcommittee, part of the National Wildfire Coordinating Group (NWCG) Equipment Technology Committee (ETC), provides standards for fire supplies and equipment and an organized method for stocking and ordering those items. The NWCG NFES Catalog lists the items that may be ordered and documents the ordering procedure.

The NWCG NFES Catalog is produced in two parts.

- **Part 1: Fire Supplies and Equipment** contains the list of fire supplies and equipment stocked by the National Interagency Support Caches (NISC). *Part 1 is revised annually and posted at <http://www.nwcg.gov/pms/pubs/catalog.htm>*
- **Part 2: Publications** contains the list of national interagency publications, training courses, and reference materials that are stocked at/ordered from the Great Basin Cache (GBK), a Federal facility, part of the U.S. Department of the Interior (USDI), Bureau of Land Management (BLM).
  - *Part 2 is revised annually and posted at <http://www.nwcg.gov/pms/pubs/catalog.htm> (no longer printed).*
  - A supplemental “update” is posted monthly throughout the year and posted at <http://www.nwcg.gov/pms/pubs/catalog.htm> to reflect new information.
  - All parties may order from Part 2.

All catalog items and related shipping charges are provided on a cost recovery basis by the USDI BLM. Prices are adjusted February 1 each year.

NFES numbers are assigned to identify/order all catalog items. Each item has a unique NFES number.

GBK performs an annual inventory in February, during which ONLY orders for active incidents are processed. GBK continues to process and ship all orders until the inventory begins, however, to ensure that an order is processed and shipped it must be submitted by the “ordering cut-off date” (typically mid-January). **Please call GBK Supply Office at (208) 387-5104 in early December to verify the “ordering cut-off date”.** Normal processing resumes once inventory is completed.

## Ordering Procedure

Mail or Fax orders to:  
USDI-BLM Great Basin Cache Supply Office  
National Interagency Fire Center  
3833 S. Development Avenue  
Boise, ID 83705

Questions? Supply Office 208-387-5104

**PHONE ORDERS NOT ACCEPTED**

**FAX: 208-387-5573/5548**

Use the order and/or credit card forms provided in this catalog or *any other forms* that contain the following **required information**:

- **Shipping Address: Do not use a P.O. Box address.**
  - Company/agency title.
  - Contact person and phone number.
- **Payment method: Do not send payment (cash, check or money order) with the order.**
  - **Credit card:** Visa, MasterCard, Discover, Amex accepted.
  - **Invoice:** company/agency title  
invoice/accounts payable address (if different from shipping address).  
office reference/order number (if applicable).
- **Shipping method: Best Means (normally 2 weeks) or Overnight (normally 48 hours).**
  - Shipping is **FOB Origin** (shipping charges are in addition to order cost).
  - Shipping charges are “cost-recovery”. The cost to ship to the destination is the exact shipping charge billed.
  - GBK may provide a “rough” estimate for shipping costs prior to processing an order; however, it would be a courtesy only and not an oral contract or obligation for actual charges.
- **Item Information:**
  - **NFES (item) number.**
  - **Brief item description/title.**
  - **Quantity ordered & unit of issue:** The unit of issue in this catalog is each (EA) or package (PG).

## Credit Card Procedure

Questions? Supply Office 208-387-5104

- All ordering units may use credit cards.
- Federal agencies, private individuals, university/college bookstore contractors, and military units must use credit cards. Orders from these groups are not processed without credit card information.
- *For privacy and security, credit card information needs to be separate from the order form.* Refer to the credit card form provided in this catalog.
- Orders billed to a credit card will not allow for "back-ordered" items. You will need to reorder if an item is out of stock. Please see "Comments" on the "issue"/packing slip.
- The cardholder signature authorizing the purchase is required; therefore, GBK cannot take credit card information over the telephone. This information must be faxed or mailed with the order.
- If the credit card account is declined by the bank for any reason, GBK Supply Office will contact the cardholder by telephone. The cardholder will have three days to respond and/or resolve the issue. If after three days the matter has not been resolved, the order will be subject to cancellation and the items would then have to be reordered.

## Invoice Procedure

Questions? Billing/Collection 208-387-5521

- Contact the purchasing office of your agency/unit for office reference/order number verification if necessary.
- A *USDI BLM Bill for Collection* is sent within 21 days of order receipt. Payment is due within 30 days of bill date. Payment may be made by check, money order, or credit card. Backup documentation is provided for reference and itemization purposes.
- The cost of the items ordered and the shipping charge(s) will appear on the bill.
- GBK reserves the right to refuse orders from any agency/unit with past due balances over 90 days old until payment has been received in full. Submission of an order to GBK is an agreement to pay for all costs incurred by the USDI BLM to provide these materials. These costs include any and all shipping charges regardless of whether such costs were included on the original ordering/purchasing document. It is the responsibility of the person ordering the materials to assure that all requirements have been met for their payment offices. Credit cards may become mandatory for any agency/unit that is found to be consistently difficult to collect from.
- GBK is not responsible for the validity of any order received.

## Shipment Receipt Procedure

Questions? Supply Office 208-387-5104

- Items are shipped with an packing slip. Immediately verify that all items listed on the computer packing slip are enclosed.
- Note the "Comments" on the packing slip for information about back-orders, items not carried or discontinued, or any other specific information about your order. If there are questions once you receive the order, please refer to the "issue number" on the packing slip when calling GBK Supply Office.

## Return Procedure

Questions? Supply Office 208-387-5104

- Please refer to the "issue number" in your correspondence when returning items. Items ordered from this catalog may be returned for credit within 30 days of receipt **ONLY** if they have not been used and are still a viable item stocked by GBK. Discontinued or obsolete items will not be credited.
- Returned items on credit cards will be credited to the credit card originally charged.
- Credit for returned items on invoiced orders will be applied to a subsequent order whenever possible within the current year. If no subsequent order or a specific request for credit received, a refund check will be issued by U.S. Treasury. This action is avoided due to the cost that reverts back to the Federal Government.

## Evaluation

If you have comments or suggestions that would benefit the overall distribution program, mail the comments to: Great Basin Cache Manager, National Interagency Fire Center, 3833 S. Development Avenue, Boise, Idaho 83705.

Mail or fax this suggested order format or your own form to: USDI-BLM Great Basin Cache Supply Office @ National Interagency Fire Center, 3833 S. Development Ave., Boise, ID 83705. FAX: 208-387-5573.

Clear vinyl cover fits the Smokey Bear Pocket Planner. Will be discontinued when stock depleted.

**(Ten) 10 Principles of Retardant Application** (1992)

NFES 002048 \$.20

Wallet-sized card with 10 principles to consider with air tanker retardant drops and coverage-level chart. PMS 440-2.

**Twelve Standard Aviation Questions that Shout "Watch Out!"** (1998)

NFES 001129 \$11.55/pg (100 cards/pg)

Wallet-size card with twelve questions to consider during aircraft use. The questions were developed from lessons learned from past aviation accidents.

**Water Handling Equipment Guide** (2003)

NFES 001275 \$4.62

The primary objective of the guide is to provide wildland firefighting agencies a basic information document on water handling equipment. This guide contains equipment components that are (1) commercially available or economically reproducible, (2) interagency in scope or application, and (3) currently in use. Information on foam generating equipment has been placed into a separate section. Agency-developed systems or components portrayed, but not available commercially as a unit, are included to promote standardization among agencies. PMS 447-1. Posted at <http://www.nwcg.gov/pms/pubs/pubs.htm> Refer to Catalog Update at <http://www.nwcg.gov/pms/pubs/catalog.htm> for information regarding availability of 2013 edition.

**Wildfire Origin and Cause Determination Handbook** (2005)

NFES 001874 \$2.12

Designed to assist personnel having wildfire protection responsibilities; emphasizes the importance of accurate fire investigative procedures. Posted at <http://www.nwcg.gov/pms/pubs/pubs.htm> NWCG Handbook #1, PMS 412-1.

**Work Capacity Test** (2003)

NFES 001109 \$1.05 Administrator's Guide

NFES 001111 \$2.63 CD-ROM (Administrator's Guide Presentation Overview PowerPoint)

The Administrator's Guide provides instructions for interagency fire managers to administer the work capacity test per the NIIMS Wildland and Prescribed Fire Qualification System. The CD-ROM contains a PowerPoint presentation overview of the information contained in the Administrator's Guide. The CD-ROM may be used by a test administrator to reinforce information contained in the Administrator's Guide, or it may be used as an overview presentation to a group of test administrators. PMS 307. The Administrator's Guide is posted at <http://www.nwcg.gov/pms/pubs/pubs.htm>.

# COURSES

- ✓ Go to <http://training.nwccg.gov/> for course development status, course updates, on-line and blended course information, Field Manager's Course Guide or to contact the NWCCG Training Group.
- ✓ A checkmark appears by the title if the item was revised since the last catalog was published.
- ✓ FAQ--The CD-ROM Course Materials listed with each course contains all parts of the course, e.g., Instructor Guide, including PowerPoint and other appendices, and the Student Workbook. If the course has a DVD, that presentation is not on the CD. Supplemental reference materials are not usually on the CD. However, each course is different, so instructors should review the material before teaching the course.

### **PMS 419 Engine Operator** (2009)

CLASSROOM (40 hours) + pre-course work

NFES 001626 PMS 419 Instructor Guide \$18.93

NFES 001627 PMS 419 CD-ROM Course Materials \$1.88

NFES 001628 PMS 419 DVD "Point Fire Case Study" \$1.89

NFES 001629 PMS 419 Student Workbook \$3.96

Instructors must have the *CD-ROM Course Materials* and *DVD*. Instructors will need to review the course for preparation and additional items needed. The Engine Operator addresses the standards, procedures, and techniques to be an engine operator on a wildland or prescribed fire. Field sessions are used throughout the course week, so it is assumed students will drive an engine to the course. Because this course was developed for the BLM organization to standardize "Engine Academies", the course refers to BLM policy, engines, references, maintenance forms: instructors will need to modify references for the home unit organization.
