

PROCESS FOR RESCINDING FIRE RESTRICTIONS

- **ERC 75% or LESS LAST 3 DAYS WITH REPRESENTATIVE SIG GROUPS**
- **HUMAN CAUSED RISK IS MODERATE OR LESS OVER NEXT 14 DAYS**
- **LIVE FUEL MOISTURES ARE AT ABOVE HISTORIC THRESHOLDS**
- **RMA PREDICTIVE SERVICES FORECASTS THAT MODERATE TO LOW FIRE CONDITIONS WILL PREVAIL FOR THE NEXT 30 DAYS**

All Criteria are met, Rescind Restrictions

Three Elements are Present, Consider Rescinding Restrictions

Less Than Three Elements are Present, No Change in Fire Restrictions

Note: Once implemented all levels of Fire Restrictions will generally not be reduced until fuels and weather conditions have moderated greatly. This is to avoid having to re-implement fire restrictions in a short period of time.
