

## CHAPTER 40 EQUIPMENT AND SUPPLIES

### **Equipment and Supplies** Refer to RMG (Ch. 40)

#### **General**

All requests for equipment will be placed using IROC or on resource order forms and processed through Craig Dispatch (CRC).

All requests for incident supplies will be placed using IROC or on resource order forms and processed through CRC. This applies to ongoing incidents; critical initial attack needs and NFES items. All re-stock orders should be placed by the responsible agency with local vendors, GSA, or according to their agency direction.

Each unit should maintain tools and supplies at a level to be able to handle normal operations for initial attack and minor support, such as outfitting available forces on the unit and regular fire replacement. Local cache inventory lists are due to RMK by April 1, annually.

CACHE	AGENCY/LOCATION	NUMBER	MANAGER
Craig BLM	CRD Craig, CO	50+ Person	Vacant
Craig BLM	CRD Meeker, CO	10+ Person	Vacant
Craig BLM	CRD Kremmling, CO	10 Person	Vacant
Yampa Ranger District	MRF Yampa, CO	10 Person	Vacant
Hahns Peak/ Bears Ears	MRF Steamboat Springs, CO	10 Person	Vacant
Parks Ranger District	MRF Walden, CO	10 Person	Vacant
Dinosaur National Park	DSP Dinosaur	10 Person	Vacant

**Equipment/Supplies Mobilization** Refer to RMG (Ch. 40)

**Equipment/Supplies Demobilization** Refer to RMG (Ch. 40)

**National Interagency Support Cache Ordering Procedures** Refer to NMG (Ch. 40)

**NFES Items in Short Supply** Refer to NMG (Ch. 40)

**Field Office Replenishment during Fire Season** Refer to RMG (Ch. 40)

**Field Office Replenishment outside Fire Season** Refer to NMG (Ch. 40)

**Incident Replacement of NFES Items** Refer to RMG (Ch. 40)

- **Incident Replacement: 1 & 2 Incidents** Refer to RMG (Ch. 40)
- **Incident Replacement: 3, 4, & 5 Incidents** Refer to RMG (Ch. 40)

**Incident to Incident Transfer of Equipment and Supplies** Refer to NMG (Ch. 40)

**National Interagency Incident Communication Division (NIICD)** Refer to NMG (Ch. 40)

### **AREA RADIO CACHES**

National ICS Starter Radio Systems Refer to NWCG NFES Catalog Part 1  
All NFES 4000 Series Radio Kits are ordered as Supply.

**Radio Ordering** Refer to NMG (Ch. 40)

**Frequency and Radio Demobilization** Refer to NMG (Ch. 40)

### **Incident Remote Automatic Weather Stations**

**Incident Remote Automatic Weather Stations (IRAWS)** Refer to NMG (Ch. 40)

**National Contract Mobile Food Service and National Contract Shower Facilities** Refer to RMG (Ch. 40)

**Mobilization** Refer to NMG (Ch. 40)

**Reassignments** Refer to NMG (Ch. 40)

**Demobilization** Refer to NMG (Ch. 40)

### **Non-Contract (Local) Food Service Organizations**

When non-contract caterers and other food service organizations are utilized, national contract specifications will be used as guidelines to assure firefighters receive adequate, nutritious and safe meals. Things to remember: When ordering meals from vendors to the fireline, ensure hot food containers (NFES # 0073) are delivered to the vendor prior to pick up. Also make sure you send serving utensils, as most vendors do not provide.

**ENGINES AND WATER TENDERS** Refer to RMG (Ch. 40) and *Interagency Standards for Fire and Fire Aviation Operations (Red Book)* for NWCG Engine and Water Tender Typing Standards.

**Engine Rotation:** CRC will maintain an engine rotation list in the dispatch center. When an engine is ordered through IROC, the dispatcher will see which agencies have engines available nationally. They will then compare the list of agencies with available engines to the engine rotation list in order to determine which agency should be called first. If the first agency is not able to fill the order, their resource will be set to Available Local in IROC until they are able to staff an engine and the next agency on the rotation showing an engine as available will be contacted. The agency that was unable to fill the order will maintain their position on the rotation. When an agency is contacted that CAN fill the request, their magnet on the rotation list will be moved to the side, while maintaining their place in the rotation, until they have actually reached their incident. This is so that if they are cancelled prior to arrival, their agency can maintain their place in the rotation. When they reach their incident, their agency magnet will move to the bottom of the rotation. When a FMO works with another location to have their engine name requested, this does not count towards their location on the engine rotation and their agency will maintain their place in the rotation.

**RETARDANT PLANTS** Refer to RMG (Ch. 40)

**Temporary Airtanker Base Equipment -Portable and Mobile** Refer to RMG (Ch. 40)

### **SPECIALIZED EQUIPMENT**

#### **Area Ignition Devices**

##### **Helitorches (Aerial Drip Torches)**

There are no agency helitorches within the CRC zone. Refer to RMG (Ch. 40) for area resources.

##### **Aerial Ignition Devices (Plastic Sphere Dispensers)**

There is one BLM PSD machine in CRC zone. It is located in the Craig Cache and must be accompanied by a qualified operator from the home unit. Refer to RMG (Ch. 40) for area resources.

**Terra Torch**

CRC has one terra torch located in Craig and must be accompanied by a qualified operator from the home unit. Refer to RMG (Ch. 40) for area resources.

**Batch Mixer** Refer to RMG (Ch. 40)

**Thermal Imaging Devices**

There are 2 available within the CRC zone. They are located in Craig Cache.

**Potable Water Tender**

See the CRC Service & Supply Plan for private contractors. Potable water tenders are also available from the State Forestry Division and the National Guard/Military Units.

**Portable Retardant Base** Refer to RMG (Ch. 40)

**Mobile Cache Vans** Refer to RMG (Ch. 40)
