

Pueblo Zone IMT3

Team Member Announcement

Date: March 11, 2016

OVERVIEW

The Pueblo Interagency Zone Fire Board is soliciting applications for the Zone Type 3 Incident Management Team (IMT3) for the upcoming fire season.

PURPOSE

The IMT3 is intended to have an Interagency, fully qualified NWCG IMT3 rostered from May thru October for planned incidents, wildland fires, incidents with multiple objectives, and all hazard support within the Pueblo Zone. The Pueblo Interagency Zone Fire Board (PIZFB) will approve all response to incidents outside of zone.

Commitment

Commitment is the key ingredient to team success. Essentially this IMT is on-call as needed throughout the fire season. The length of average incident commitment is 3-7 days however be prepared to be committed up to 14 days not including travel. IMT3 qualifications are identified on the following page. The IMT3 will be rostered every two weeks rotated by applicants' availability identified on application.

Team Member:

Your host dispatch center must be Pueblo Interagency Dispatch. As a member of the Pueblo Zone IMT, you may participate in either qualified or trainee positions. You may apply for more than one position. The IMT3 includes a variety of wildland fire Incident Command System positions and is an excellent opportunity to gain experience through participation. You may also participate on other Incident Management Teams (IMT) while being a member of the IMT3. **However you cannot be rostered on multiple teams at the same time.**

Trainees:

The IMT3 trainee will be the only dedicated trainee rostered on the IMT3. Every opportunity will be made to provide training opportunities; however trainees will be negotiated with the host agency administrator. Trainee positions will be filled utilizing the Pueblo Zone Priority Trainee list.
