Accessing IROC

This document discusses the steps for getting access to IROC.

Five Steps to Getting IROC Access

1. **Authenticate** – Authenticate to the FAMIT Dashboard (https://iwfuirp.nwcg.gov/#dashboard) using either eAuth or Login.gov depending on which one you have. If you have both, use eAuth.

2. **Select IROC** – Select IROC from the FAMIT Dashboard of available applications.

3. **Request a NAP** – If you don’t have an existing NAP account, you’ll need to request one at this point. If you already have a NAP account, you’ll skip this step.

4. **Request Access** – If you don’t have an existing IROC account, you’ll need to request one at this point. If you already have an IROC account, you’ll skip this step.

5. **Access IROC** – When you get to this step, you’ll be logged into IROC directly. If you don’t see the IROC portal, you’ll need to request that your Dispatch Manager grant you the appropriate access.

1 **Authenticating into the FAMIT Dashboard**

FAMAuth is an authentication portal for Fire and Aviation Applications. IROC will be using FAMAuth to authenticate users when logging in. There are two paths of authentication: e-Authentication (eAuth) and Login.gov. The URL for the FAMAuth dashboard is https://iwfuirp.nwcg.gov/#dashboard.

- If you have a federated PIV card (Lincpass), you will use the eAuth method.
- If you do not have a PIV card, you will use Login.gov.
- If you have both an eAuth account and a Login.gov account, you should use eAuth and your PIV card to authenticate. Even if a PIV card reader doesn’t exist, you will have the ability to use your eAuth username and password to access applications.
- DOI users need to register their PIV card with ICAM. See DOI User Instructions at the end of this document.
2 Selecting IROC from the FAMIT Dashboard

1. After logging in, you will be presented with a tile page of available applications. Click on the IROC tile to launch the application.

2. The first time you click on the IROC tile, you will be asked to enter your Standard NAP Account credentials. This will link the FMAuth account to the NAP account.
   
   **Note:** If you do not have a NAP account, see [Requesting a NAP](#). If you do, skip to [Requesting Access to IROC](#).

3 Requesting a NAP

1. In the **Enter User Information** tab of the Request Access screen, fill in the required information (as indicated by asterisks) and click **Next**.
4 Requesting Access to IROC

1. In the Request Application Access tab of the Request Access screen, select the application and the instance. Then fill in the information for the individual who can validate your need to access IROC.

2. When done, click Submit.

5 Accessing IROC

If you don’t have an established role(s) in IROC, check with your dispatch manager to request access.

**Note:** If you are a dispatch manager who needs to give access to IROC for someone in your organization, see Managing Organization Access Rules KBA.
DOI User Instructions

If you are a DOI user, you will need to follow these steps in order to access the FAMIT dashboard.

1. Select U.S. Department of the Interior from the Agency drop-down and click Submit.

2. When prompted, you may choose to click Yes to save the agency.

3. Enter your user name and password and click Sign In, or click Sign In with PIV card.

4. You should be presented with a final screen confirming that the process is complete, allowing you to access FAMIT.
