

S-248, Status/Check-In Recorder

2006 Tuition for students from non-sponsoring units: \$120

16 hrs

Course Description

This course is designed to introduce students to the tools and techniques used to perform the duties of a Status/Check-in Recorder (SCKN). The course provides an overview of what a student can expect if dispatched to an incident.

Each student will need access to a computer that has the most current incident automation software. At the time of this publication, I-Suite was the industry standard.

Objectives

The desired outcome of this course is to prepare students to:

- Set up and manage a check-in station.
- Process information using incident automation software and other paper based methods.
- Package the information into useful products.
- Assist with demobilization.
